Book Lovers Jun 20 2019 "One of my favorite authors."—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author of *Beach Read* and *People We Meet on Vacation*. Named a Most Anticipated Book of 2022 by Oprah Daily • Today • Parade • Marie Claire • Bustle • PopSugar • Katie Couric Media • Book Bub • SheReads • Medium • The Washington Post • and more! One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.

Elevating Child Care: A Guide to Respectful Parenting Jun 01 2020 Janet Lansbury's advice on respectful parenting is quoted and shared by millions of readers worldwide. Inspired by the pioneering parenting philosophy of her friend and mentor, Magda Gerber, Janet's influential voice encourages parents and child care professionals to perceive babies as unique, capable human beings with natural abilities to learn without being taught; to develop motor and cognitive skills; communicate; face age appropriate struggles; initiate and direct independent play for extended periods; and much more. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and to connect with our child. "Elevating Child Care" is a collection of 30 popular and widely read articles from Janet's website that focus on some of the most common infant/toddler issues: eating, sleeping, diaper changes, communication, separation, focus and attention span, creativity, boundaries, and more. Eschewing the quick-fix 'tips and tricks' of popular parenting culture, Janet's insightful philosophy lays the foundation for a closer, more fulfilling parent/child relationship, and children who grow up to be authentic, confident, successful adults.

Too Important for the Generals Jan 28 2020 'War is too important to be left to the generals' snapped future French prime minister Georges Clemenceau on learning of yet another bloody and futile offensive on the Western Front. One of the great questions in the ongoing discussions and debate about the First World War is why did winning take so long and exact so appalling a human cost? After all this was a fight that, we were told, would be over by Christmas. Now, in his major new history, Allan Mallinson, former professional soldier and author of the acclaimed 1914: Fight the Good Fight, provides answers that are disturbing as well as controversial, and have a contemporary resonance. He disputes the growing consensus among historians that British generals were not to blame for the losses and setbacks in the 'war to end all wars' -

that, given the magnitude of their task, they did as well anyone could have. He takes issue with the popular view that the 'amateur' opinions on strategy of politicians such as Lloyd George and, especially, Winston Churchill, prolonged the war and increased the death toll. On the contrary, he argues, even before the war began Churchill had a far more realistic, intelligent and humane grasp of strategy than any of the admirals or generals, while very few senior officers - including Sir Douglas Haig - were up to the intellectual challenge of waging war on this scale. And he repudiates the received notion that Churchill's stature as a wartime prime minister after 1940 owes much to the lessons he learned from his First World War 'mistakes' - notably the Dardanelles campaign - maintaining that in fact Churchill's achievement in the Second World War owes much to the thwarting of his better strategic judgement by the 'professionals' in the First - and his determination that this would not be repeated. Mallinson argues that from day one of the war Britain was wrong-footed by absurdly faulty French military doctrine and paid, as a result, an unnecessarily high price in casualties. He shows that Lloyd George understood only too well the catastrophically dysfunctional condition of military policy-making and struggled against the weight of military opposition to fix it. And he asserts that both the British and the French failed to appreciate what the Americans' contribution to victory could be - and, after the war, to acknowledge fully what it had actually been.

Loch Ness Revenge Aug 03 2020 Deep in the murky waters of Loch Ness, the creature known as Nessie has returned. Twins Natalie and Austin McQueen watched in horror as their parents were devoured by the world's most infamous lake monster. Two decades later, it's their turn to hunt the legend. But what lurks in the Loch is not what they expected. Nessie is devouring everything in and around the Loch, and it's not alone. Hell has come to the Scottish Highlands. In a fierce battle between man and monster, the world may never be the same. Praise for **THEY RISE**: "Outrageous, balls to the wall...made me yearn for 3D glasses and a tub of popcorn, extra butter!" - *The Eyes of Madness* "A fast-paced, gore-heavy splatter fest of sharksplotation." *The Werd* "A rocket paced horror story. I enjoyed the hell out of this book." *Shotgun Logic Reviews* Sarah Nov 06 2020 Everything about Sarah Bernhardt is fascinating, from her obscure birth to her glorious career--redefining the very nature of her art--to her amazing (and highly public) romantic life, to her indomitable spirit. Well into her seventies, after the amputation of her leg, she was performing under bombardment for soldiers during World War I and toured America for the ninth time. Though the Bernhardt literature is vast, this is the first English-language biography to appear in decades, tracking the trajectory through which an illegitimate--and scandalous--daughter of a Jewish courtesan transformed herself into the most famous actress who ever lived, and into a national icon, a symbol of France.--From publisher description.

***** January 1829: George IV is on the throne, Wellington is England's prime-minister, and the population has been enjoying long-term peace. But this happy state of affairs means cuts in the army, and Hervey is told that his regiment, the Sixth, are to be reduced to a single squadron. With his long-term plans in disarray, he undertakes instead a six-month assignment as an observer with the Russian army. Soon Hervey, his friend Edward Fairbrother and his faithful groom, Private Johnson, are sailing north to St Petersburg, and from there to the Eastern Balkans, and the ferocious war between Russia and the Ottoman Empire. Hervey is meant to be an impartial spectator, but soon the circumstances - and his own nature - propel him into a more active role. In the climactic Battle of Kulewtscha, Hervey and Fairbrother find themselves in the thick of the action. For Matthew Hervey, the stakes have never been higher - or more personal.

The Russia Hand Jul 02 2020 During the past ten years, few issues have mattered more to America's vital interests or to the shape of the twenty-first century than Russia's fate. To cheer the fall of a bankrupt totalitarian regime is one thing; to build on its ruins a stable democratic state is quite another. The challenge of helping to steer post-Soviet Russia-with its thousands of nuclear weapons and seething ethnic tensions-between the Scylla of a communist restoration and the Charybdis of anarchy fell to the former governor of a poor, landlocked Southern state who had won national election by focusing on domestic issues. No one could have predicted that by the end of Bill Clinton's second term he would meet with his Kremlin counterparts more often than had all of his predecessors from Harry Truman to George Bush combined, or that his presidency and his legacy would be so determined by his need to be his own Russia hand. With Bill Clinton at every step was Strobe Talbott, the deputy secretary of state whose expertise was the former Soviet Union. Talbott was Clinton's old friend, one of his most trusted advisers, a frequent envoy on the most sensitive of diplomatic missions and, as this book shows, a sharp-eyed observer. *The Russia Hand* is without question among the most candid, intimate and illuminating foreign-policy memoirs ever written in the long history of such books. It offers unparalleled insight into the inner workings of policymaking and diplomacy alike. With the scope of nearly a decade, it reveals the hidden play of personalities and the closed-door meetings that shaped the most crucial events of our time, from NATO expansion, missile defense and the Balkan wars to coping with Russia's near-meltdown in the wake of the Asian financial crisis. The book is dominated by two gifted, charismatic and flawed men, Bill Clinton and Boris Yeltsin, who quickly formed one of the most intense and consequential bonds in the annals of statecraft. It also sheds new light on Vladimir Putin, as well as the altered landscape after September 11, 2001. *The Russia Hand* is the first great memoir about war and peace in the post-cold war world.

The Ylem Sep 04 2020 An ancient book, a seventeen-year-old girl and an exotic boy from a supernatural world hold the key to freedom for a long-oppressed race, but that freedom could come at the cost of the human world. ***** 1828: Matthew Hervey of the 6th Light Dragoons is urgently summoned to the Cape Colony when he learns that the Zulu warrior King Shaka is about to wage war. Soon Hervey, his old friend Eyre Somerville and their escort of dragoons and mounted rifles are riding north. When they arrive at Shaka's kraal, it quickly becomes apparent that he has slaughtered thousands of his subjects - warriors and women alike. When Shaka is killed by his own people, and the region plunged into civil war, Hervey and his men find themselves in the midst of terrible danger. Yet worse is to come. Separated from his troop, Hervey must lead Shaka's queen across a hostile land where sanctuary has never seemed further away ...

The Future of Public Health Sep 23 2019 "The Nation has lost sight of its public health goals and has allowed the system of public health to fall into 'disarray'," from The Future of Public Health. This startling book contains proposals for ensuring that public health service programs are efficient and effective enough to deal not only with the topics of today, but also with those of tomorrow. In addition, the authors make recommendations for core functions in public health assessment, policy development, and service assurances, and identify the level of government—"federal, state, and local"—at which these functions would best be handled.

1914: Fight the Good Fight Sep 16 2021 'No part of the Great War compares in interest with its opening', wrote Churchill. 'The measured, silent drawing together of gigantic forces, the uncertainty of their movements and positions, the number of unknown and unknowable facts made the first collision a drama never surpassed...in fact the War was decided in the first twenty days of fighting, and all that happened afterwards consisted in battles which, however formidable and devastating, were but desperate and vain appeals against the decision of fate.' On of Britain's foremost military historians and defence experts tackles the origins - and the opening first few weeks of fighting - of what would become known as 'the war to end all wars'. Intensely researched and convincingly argued, Allan Mallinson explores and explains the grand strategic shift that occurred in the century before the war, the British Army's regeneration after its drubbings in its fight against the Boer in South Africa, its almost calamitous experience of the first twenty days' fighting in Flanders to the point at which the British Expeditionary Force - the 'Old Contemptibles' - took up the spade in the middle of September 1914: for it was then that the war changed from one of rapid and brutal movement into the more familiar vision of trench warfare on Western Front. In this vivid, compelling new history, Mallinson brings his experience as a professional soldier to bear on the circumstances, events, actions and individuals and speculates - tantalizingly - on what might have been...

He has looks and wealth; she has charm and elegance. He's a dedicated attorney who has never lost a case; she is a flawless homemaker, a masterful gardener and cook, and dotes on her disabled younger sister. Though they are still newlyweds, they seem to have it all. You might not want to like them, but you do. You're hopelessly charmed by the ease and comfort of their home, by the graciousness of the dinner parties they throw. You'd like to get to know Grace better. But it's difficult, because you realize Jack and Grace are inseparable. Some might call this true love. Others might wonder why Grace never answers the phone. Or why she can never meet for coffee, even though she doesn't work. How she can cook such elaborate meals but remain so slim. Or why she never seems to take anything with her when she leaves the house, not even a pen. Or why there are such high-security metal shutters on all the downstairs windows. Some might wonder what's really going on once the dinner party is over, and the front door has closed. From bestselling author B. A. Paris comes the gripping thriller and international phenomenon Behind Closed Doors.

Tea War Dec 07 2020 A history of capitalism in nineteenth- and twentieth-century China and India exploring the competition between their tea industries Tea remains the world's most popular commercial drink today, and at the turn of the twentieth century, it represented the largest export industry of both China and colonial India. In analyzing the global competition between Chinese and Indian tea, Andrew B. Liu challenges past economic histories premised on the technical "divergence" between the West and the Rest, arguing instead that seemingly traditional technologies and practices were central to modern capital accumulation across Asia. He shows how competitive pressures compelled Chinese merchants to adopt abstract, industrial conceptions of time, while colonial planters in India pushed for labor indenture laws to support factory-style tea plantations. Further, characterizations of China and India as premodern backwaters, he explains, were themselves the historical result of new notions of political economy adopted by Chinese and Indian nationalists, who discovered that these abstract ideas corresponded to concrete social changes in their local surroundings. Together, these stories point toward a more flexible and globally oriented conceptualization of the history of capitalism in China and India.

A Close Run Thing Sep 28 2022 John Pearce is hiding in Gravelines with his mysterious companion, known to him as Oliphant. Although they find a crew willing to take them back to England, they learn on the journey that Pearce's old

enemies, the Tolland brothers, are still active on the route, and may have been responsible for the murder of Catherine Carruthers. Back in England their problems continue: Pearce must seek to mend fences with Emily Barclay, in a relationship in which nothing is simple. And just as things may be looking up, it seems Henry Dundas has another role for him and Oliphant: a mission to north-east Spain...

Many a Close Run Thing May 24 2022 A New Zealand squadron leader, flying-boat captain and airliner pilot on a life of aerial adventure Planes were rarely seen above the small Central Otago sheep-farming town of Ranfurly in the 1940s. Yet as a young boy, Tom Enright had a fascination with the skies that quickly developed into a longing to become a pilot. He joined the RNZAF as an engineer in 1951, and was sent to England at just 16 to attend the revered Royal Air Force college in Cranwell. Returning to New Zealand to join the Vampire fighter squadron in Ohakea, Tom became a famed member of the RNZAF aerobatic team. Later he became a flying commander at Wigram air base, before captaining a Sunderland flying boat to isolated communities in the vast South Pacific, often to the upper limits of the plane's endurance. From the near-catastrophic opening of Wellington airport to flying Boeing 747s into the world's biggest airports, this is Tom Enright's story of the mishaps, misadventures and high-altitude drama of a 45-year flying career.

A Close Run Thing Jun 25 2022 1796. Lieutenant John Pearce is hiding in the smugglers' hub of Gravelines with his mysterious companion, known only to him as Oliphant, trapped in French territory with no way out. Although they find a crew willing to take them to England, they discover on the journey that Pearce's old enemies, the Tolland brothers, are still active on the route, and may have been responsible for the murder of Catherine Carruthers. Meanwhile, being on his homeland brings Pearce closer to Emily Barclay and their young son, Adam, but their tumultuous past has left their relationship fragile and the constant need for discretion is an additional strain. Then, just as things may be looking up, it seems Henry Dundas has another role for him and Oliphant: a mission to north-east Spain. 'High adventure and detection; cunningly spliced battle scenes which reek of blood and brine; excitements on terra firma to match' Literary Review

A Close Run Thing Oct 29 2022 In the tradition of Patrick O'Brian's beloved historical military adventures comes the first in a dashing new series featuring Cornet Matthew Hervey, a young cavalry officer in Wellington's army of 1815. A Close Run Thing For two decades, since the French Revolution, England and her allies have fought a seemingly endless war to loosen Bonaparte's stranglehold on Europe. Matthew Hervey, a twenty-three-year-old parson's son, has risen through the ranks of His Majesty's cavalry to a junior command in the 6th Light Dragoons. Torn by ambition and ensnared in the intrigues of Wellington's army, Matthew struggles to shape his destiny, but his efforts are about to be cast to the winds of fate. For amid the clash of armies, he will find himself a catalyst in the battle of the century...near the small Belgian village of Waterloo.

Vascular Biology of the Placenta Mar 30 2020 The placenta is an organ that connects the developing fetus to the uterine wall, thereby allowing nutrient uptake, waste elimination, and gas exchange via the mother's blood supply. Proper vascular development in the placenta is fundamental to ensuring a healthy fetus and successful pregnancy. This book provides an up-to-date summary and synthesis of knowledge regarding placental vascular biology and discusses the relevance of this vascular bed to the functions of the human placenta.

Freyberg's Failure at Crete Feb 21 2022 On 20 May 1941, Generaloberst Kurt Student's Luftwaffe XI Fliegerkorps conducted the first operational airborne invasion in history to seize Crete. Major-General Bernard Cyril Freyberg VC, 2nd New Zealand Expeditionary Force, commanded the British forces defending the island. Freyberg, forewarned of the details of the invasion, possessed numerical superiority over the enemy, but was defeated within twelve days. Freyberg, later blamed for the defeat due to his perceived faulty defensive dispositions, was dealt a losing hand from the start. His troops consisted of those that could be rescued from the failed Greek Campaign and lacked sufficient weapons, communications,

and transport to conduct the defense. Despite the best efforts of the Royal Navy, overwhelming Luftwaffe air superiority in the absence of the Royal Air Force isolated Crete and the relentless drive of the attacking German forces captured it. Poor tactical leadership by Freyberg's subordinate commanders and their failure to prosecute his operational plan led to defeat by the barest margin. While a tactical loss, Freyberg's destruction of the 7th Flieger Division resulted in Hitler never considering an operational airborne assault again.

The Social Life of Coffee Mar 10 2021 What induced the British to adopt foreign coffee-drinking customs in the seventeenth century? Why did an entirely new social institution, the coffeehouse, emerge as the primary place for consumption of this new drink? In this lively book, Brian Cowan locates the answers to these questions in the particularly British combination of curiosity, commerce, and civil society. Cowan provides the definitive account of the origins of coffee drinking and coffeehouse society, and in so doing he reshapes our understanding of the commercial and consumer revolutions in Britain during the long Stuart century. Britain's virtuosi, gentlemanly patrons of the arts and sciences, were profoundly interested in things strange and exotic. Cowan explores how such virtuosi spurred initial consumer interest in coffee and invented the social template for the first coffeehouses. As the coffeehouse evolved, rising to take a central role in British commercial and civil society, the virtuosi were also transformed by their own invention.

Disease Control Priorities, Third Edition (Volume 9) Apr 30 2020 As the culminating volume in the DCP3 series, volume 9 will provide an overview of DCP3 findings and methods, a summary of messages and substantive lessons to be taken from DCP3, and a further discussion of cross-cutting and synthesizing topics across the first eight volumes. The introductory chapters (1-3) in this volume take as their starting point the elements of the Essential Packages presented in the overview chapters of each volume. First, the chapter on intersectoral policy priorities for health includes fiscal and intersectoral policies and assembles a subset of the population policies and applies strict criteria for a low-income setting in order to propose a "highest-priority" essential package. Second, the chapter on packages of care and delivery platforms for universal health coverage (UHC) includes health sector interventions, primarily clinical and public health services, and uses the same approach to propose a highest priority package of interventions and policies that meet similar criteria, provides cost estimates, and describes a pathway to UHC.

The Battle of Tippecanoe Jan 20 2022 *Includes pictures *Explains the roles played by Tecumseh and William Henry Harrison before, during, and after the battle *Includes various accounts of what happened at the battle according to both sides *Includes a bibliography for further reading *Includes a table of contents The Battle of Tippecanoe, fought on November 7, 1811 near present-day Lafayette, Indiana, involved forces of fewer than 2,000 Native American warriors and white soldiers, and only about 300 men were killed or wounded on both sides. Given those numbers, it's apparent that the battle was far from being a Saratoga or a Gettysburg in terms of its scale or significance as an historical turning point, yet it was one of the most important battles in shaping American history during the early 19th century. The battle also involved an epic confrontation between two important American figures: William Henry Harrison, who would become the 9th president of the United States by running on his success in the battle, and the Shawnee war chief Tecumseh, arguably the most famous Native American leader in American history. From the American Revolution up through the Battle of Tippecanoe, Native Americans in the Old Northwest (today's Midwestern states) had been putting up stout resistance to that region's settlement by white land speculators and settlers. Things came to a head when Tecumseh and his brother, the Prophet Tenskwatawa, spearheaded a movement in the region that greatly influenced the area's Native Americans. In 1806, Harrison began to publicly denounce Tenskwatawa to other tribal leaders, calling him a fraud and charlatan, but the Shawnee Prophet responded by accurately predicting a solar eclipse, which embarrassed Governor Harrison, and after this event, which tribal leaders took as a sign of Tenskwatawa's authenticity, his movement grew even more rapidly. By 1808, Tenskwatawa and his followers had moved west and founded a large, multi-tribal settlement near the confluence of the Tippecanoe and Wabash Rivers, called Prophetstown or Tippecanoe. Assisted by his brother Tecumseh, Tenskwatawa's settlement grew tremendously and eventually became the largest Native American settlement in the region. It also served as a Native American cultural center and provided a steady cadre of warriors ready to hear the Prophet's message that they should return to their ancestral lifestyles and force the white settlers and their culture out of their territory. Although accounts of the battle conflict, all agree that sentinels aroused the main body of the American troops when they detected Native American warriors attacking the Americans' perimeter from the south. The initial Native American attack struck the southern point of the defensive perimeter around 4:30 a.m. on November 7, 1811, and almost immediately the warriors rushed in among the American defenders manning that sector. Soldiers defending the southern side of the perimeter suffered the highest casualties, with the Yellow Jackets suffering a 30% casualty rate, but in fighting lasting about two hours Harrison's force of roughly 1,000, suffered only 62 dead and about 120 wounded. As the sun rose, the warriors began running low on ammunition, and the light revealed their small numbers, leading them to break off the attack and retreat towards Prophetstown. The battle was hardly a decisive victory, but at the end of the fighting the Americans still held their perimeter, allowing them to claim victory. While Tippecanoe was clearly not a total victory, and Native American resistance would continue through the War of 1812, the battle is widely considered the end of Tecumseh's War and did help bring about the decline of Native American ascendancy in the region. *The Battle of Tippecanoe: The History and Legacy of the American Victory That Ended Tecumseh's War* analyzes the background that led up to the battle and its aftermath.

A Damn Close-Run Thing Jul 26 2022 "It was a damn close-run thing" — Major-General Moore, commander of the British land forces in the South Atlantic In 1982, the average Briton didn't know the Falkland Islands existed, let alone their status as a disputed British territory just off the coast of Argentina. That changed when the Argentinians invaded the islands and overwhelmed the small defending force. Both nations claimed the islands were theirs, but now Argentina thought the British would give them up without a fight. They were wrong. Britain sent a task force into the South Atlantic to re-take the islands, and the short, intense war that followed was in the words of Major-General Sir John Jeremy Moore—"a damn close-run thing." This short history sums up the events leading up to the war and its major military actions including details of an Argentinian plan to sink a Royal Navy ship in Gibraltar harbour (foiled at the last minute by Spanish police) and an audacious British plan to land SAS soldiers in Argentina to destroy Exocet-carrying aircraft while they were still on the

ground.

Crush Dec 27 2019 This collection about obsession and love is the 99th volume of the Yale Series of Younger Poets Richard Siken's *Crush*, selected as the 2004 winner of the Yale Younger Poets prize, is a powerful collection of poems driven by obsession and love. Siken writes with ferocity, and his reader hurtles unstoppably with him. His poetry is confessional, gay, savage, and charged with violent eroticism. In the world of American poetry, Siken's voice is striking.

***** India 1819: Matthew Hervey is charged with raising a new troop, and organising transport for India - for he, his men and their horses are to set sail with immediate effect. What Hervey and his soldiers cannot know is that in India they will face a trial for which they are woefully under prepared. A large number of Burmese war-boats are assembled near Chittagong, and the only way to thwart their advance involves a hazardous march through the jungle. Soon Hervey and his troop are in the midst of hot and bloody action once again... A Call To Arms is the fourth book in Allan Mallinson's Matthew Hervey series. His adventures continue in *The Sabre's Edge*. Have you read his previous adventures *A Close Run Thing*, *The Nizam's Daughters* and *A Regimental Affair*?

My Vietnam War Dec 19 2021 Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as *My Vietnam War*. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It is a powerful story, well-written, with vivid detail that you will never forget.

Cardiology Explained Oct 17 2021 One of the most time-consuming tasks in clinical medicine is seeking the opinions of specialist colleagues. There is a pressure not only to make referrals appropriate but also to summarize the case in the language of the specialist. This book explains basic physiologic and pathophysiologic mechanisms of cardiovascular disease in a straightforward manner, gives guidelines as to when referral is appropriate, and, uniquely, explains what the specialist is likely to do. It is ideal for any hospital doctor, generalist, or even senior medical student who may need a cardiology opinion, or for that matter.

The Red Room Apr 23 2022 Arvid Falk is a young and idealistic government worker who always wanted to be a poet. When a journalist writes a newspaper exposé based on Arvid's stories about his useless government department, Arvid is fired immediately. Starting afresh he sets out to explore every corner of the Swedish society, and the hypocrisy and corruption he finds shocks him. Walking the streets of Stockholm will never be the same again once this novel gets under your skin. Named the first modern Swedish novel, 'The Red Room' (1879) is wonderfully insightful and ironic. The Charles Dickens influence is undeniable and Strindberg's writing has been rightfully compared to that of Henrik Ibsen as well. August Strindberg (1849-1912) was a world-famous Swedish playwright, who, in Sweden, was known for his novels, poems, essays and paintings as well. Along with Henrik Ibsen, Hans Christian Andersen, Søren Kierkegaard and Selma Lagerlöf he is one of the all-time most influential authors of Scandinavia.

A Murderer's Country Apr 11 2021 The Land War (1879-1882) was a time of great agitation in Ireland, much of it directed against Irish landlords and the British Crown. Violence associated with the land-reform movement, led by Michael Davitt and Charles Stewart Parnell, and the implementation of boycotting and its enforced compliance, became commonplace. A harbinger of the violence in Galway was the assassination of Lord Leitrim in County Donegal. But some of the worst outrages took place in Joyce Country, in the heart of County Galway. During the three years of the Land War, Lord Mountmorres of Ebor Hall, Joseph Huddy, bailiff to Arthur Guinness of Ashford Castle, and his grandson, John Huddy, and five members of the Maamtrasna Joyce family were all murdered in Galway, a place that became known as "A Murderer's Country."

War in the Mediterranean Feb 27 2020 Much has been written about the conduct of the land battles and the commanders who faced each other yet, as the main protagonists realised at the time, success or failure rested on the effectiveness of their seaborne supply chain. Control of the Mediterranean was therefore absolutely crucial. In the final analysis it was the Allies' ability to dominate the Mediterranean that bought them victory but there is no denying that it was a 'damned close run thing'. In this authoritative study, Bernard Ireland brings a fresh clarity to the complexities and factors at play during this critical period.

Waterloo May 12 2021 'A fabulous story, superbly told' Max Hastings The bloodbath at Waterloo ended a war that had engulfed the world for over twenty years. It also finished the career of the charismatic Napoleon Bonaparte. It ensured the final liberation of Germany and the restoration of the old European monarchies, and it represented one of very few defeats for the glorious French army, most of whose soldiers remained devoted to their Emperor until the very end. Extraordinary though it may seem much about the Battle of Waterloo has remained uncertain, with many major features of the campaign hotly debated. Most histories have depended heavily on the evidence of British officers that were gathered about twenty years after the battle. But the recent publication of an abundance of fresh first-hand accounts from soldiers of all the participating armies has illuminated important episodes and enabled radical reappraisal of the course of the campaign. What emerges is a darker, muddier story, no longer biased by notions of regimental honour, but a tapestry of irony, accident, courage, horror and human frailty. An epic page turner, rich in dramatic human detail and grounded in first-class scholarly research, Waterloo is the real inside story of the greatest land battle in British history, the defining showdown of
