Settlers' Creek Aug 01 2022 A poignant and contentious novel by a rising star of New Zealand  
literature. Box Saxton just wants to bury his teenage stepson's body in the churchyard near the  
farm where Box grew up. What happens, though, when the boy's biological father, a Maori leader,  
unexpectedly turns up in the days before the funeral and forcibly takes the boy's body? According  
to Maori custom the boy must be buried in the tribe's ancestral cemetery at the small coastal town  
of Kaipuna. According to the law there is very little Box can do. With no plan and little hope, Box  
gets in his old truck and drives north, desperate and heartbroken. Settlers' Creek explores the  
claims of both indigenous people and more recent settlers to have a spiritual link to the land.  
'Brave, bold and unflinching, Carl Nixon's Settler's Creek is one of the best novels to come out of  
New Zealand. It's not only a gripping, brutal, thriller but also a dissection of a country and its  
culture. It's the kind of book that gets you run out of town.' - Witi Ihimaera

Fat Freddie Nov 23 2021 The No 1 Bestseller 'A fascinating read' Seán O'Rourke, RTÉ Radio One  
'Fat' Freddie Thompson first appeared in court in 1997. He was sixteen and already aspiring to be a  
major crime boss. Over the next twenty years his criminal career would be marked by mayhem,  
brutality and murder. In 2000 a row over a failed drugs deal ignited a murderous feud in Dublin's  
south inner city. The Crumlin-Drimnagh feud's first victim was a friend of Thompson's and he led  
his Crumlin crew in a series of tit-for-tat killings. Sixteen young men would lose their lives over the  
next fifteen years. Meanwhile, childhood friend, Daniel Kinahan, had become a senior figure in his  
father Christy Kinahan's international crime cartel. Working with the Kinahan Cartel Thompson  
launched himself as a drugs dealer in Dublin. When another deadly feud broke out in 2016 -  
between the powerful Kinahans and veteran Dublin criminal, Gerry 'The Monk' Hutch - Thompson  
was ready to get his hands dirty. But Thompson's loyalty would be his undoing. In August 2018 he  
was convicted of murder and jailed. Fat Freddie is a gripping account of the rise and fall of Freddie  
Thompson. Award-winning crime journalist, Stephen Breen, co-author of the No 1 bestselling The  
Cartel, has written the definitive portrait of a notorious Dublin gangster, a shocking story of  
double-crossing, vengeance and murder.

***Managing the Business Case for Sustainability* Sep 21 2021** The difficulties in moving towards corporate sustainability raise the question of how environmental and social management can be integrated better with economic business goals. Over the last decade, the relationship between environmental and economic performance, and more recently the interaction between sustainability performance and business competitiveness, have received considerable attention in both theory and practice. However, to date, only partial aspects of the relationship between sustainability performance, competitiveness and economic performance have been studied from a theoretical as well as an empirical perspective. And, to date, no unique relationship has prevailed in empirical studies. A number of explanations have been put forward to explain this, including methodological reasons, such as the lack of statistical data, the low quality of that data, or the fact that such data is often available for short time periods only. Other theoretical explanations have been developed, such as the influence of different corporate strategies or the relatively small influence of environmental or sustainability issues as one factor among many on the economic or financial success of firms. So, how should the business case for sustainability be managed? This is the starting point for this book, which compiles insights on a large number of aspects of the link between sustainability performance, business competitiveness and economic success in an attempt to provide a comprehensive and structured view of this relationship. The book provides an unrivalled body of knowledge on the state of theory and practice in this field and identifies prospective future fields of work. The book includes: conceptual frameworks for the interaction of social, environmental and economic issues in business environments; case studies of companies that have successfully integrated social, environmental and economic issues; analyses of the causal and empirical relationship between environmental and/or social performance, business performance and firm-level competitiveness; concepts and tools useful for improving business value with proactive operational strategies; assessment of the factors influencing operational sustainability strategies and their economic impact; and comparisons of interactions between sustainability performance and firm competitiveness across industry sectors and countries. ***Managing the Business Case for Sustainability* is the definitive work in its field: the most comprehensive book yet published on the theory and practice of managing sustainability performance, competitiveness, environmental, social and economic performance in an integrated way. It will be essential reading for managers, academics, consultants, fund managers, governments and government agencies, NGOs and international bodies who need a broad and comprehensive overview of the business case for sustainability.**

**The Chicken Runs at Midnight Oct 30 2019 One of the most inspirational stories of sports and faith ever told, The Chicken Runs at Midnight powerfully shows that God can work in our lives even when we think it's too late to change. As a Major League Baseball coach, Rich Donnelly was dedicated, hardworking, and successful. But as a husband and father, he was distant, absent, and a failure. He'd let baseball take over his life, and as a result his family suffered. That is, until one day he received some harrowing news. "Dad, I have a brain tumor, and I'm sorry." These words from his seventeen-year-old daughter, Amy, turned his world upside-down. Now, more than ever, he was determined to put his family first. The time they spent together in the months before her death will be treasured and remembered forever, but especially the inside joke that became a catchphrase for the Donnelly family as well as the Pittsburgh Pirates team that played in the National League Championship Series that year: "The chicken runs at midnight." This book shares the heartwarming story behind the odd catchphrase--and how it still lives on as a symbol for never giving up--and proves that God can work in the life of any person, even through their mistakes and failures. Weaving baseball history with personal memoir, this book is one that will make you thrill to victory, believe in hope, stand up to cheer for what is good in peoples' lives.**

**Hold On, Someone is on the Other Line! May 18 2021 The book is about all of my dreams that I had that never came true. This book will also give the inside track of what I learned about me in my life as I travel through the journey of life. People have always talked about the truth about their life, but what about the whole truth, the good, the bad and the ugly? I am just a normal and regular person who is not perfect in no form shape or fashion. This book is just an insight of my life with all of the encounters coming from a very large family. By coming from a large family today caused many problems for me because I did not realize exactly how poor I was until I began to attend college. Not saying that most of our family didn't pull themselves out of their situations. Happiness came from the inside of your to come true. This book will show that I thought that it was the choices that I made, but in the end I found out that it wasn't only the choice, but it was other individual choices, but it was the decision of my parents that turned my life upside down and on its head. From my experience, as a child growing up here in America in the 60's and 70's life was to have dreams in our small little heads about becoming a fireman, sports photographer, doctor, or even a player playing sports. As a child having dreams are the responsibility of the parents to every effort to make their child dreams come true and this will make them successful and most of all very happy with their accomplishments. See I love the game of football and other sports as well, such as baseball, basketball and track and field, but football was my favorite. The reason that I loved football was my most favorite. The reason it was my favorite because on the football field this was where the smaller player could get even with the bigger bullies who wanted to talk trash to some of the small players. While I played the game of football in the little Pop Warner Football League, I silence the bigger boys without talking trash. As this book unfolds you will find out that other people in my life and bad timing played a role in my unsuccessful dreams. Then you will find out that my life was not only my decision alone. But on the side of all of this I had a good life and I maintained to stay happiness. Now if I had not exposed my life to you, many people would never know the pain and hardship that I experienced in my life time. I am still the same Darmonica who you have know in the past who love sports and love lending a helping hand where it's needed. For the love of life is to love yourself, help another and take the worst of life and make the best of it, and I did just that. Without my family and friends I would not be the person who I am NOW! That's why I say, Hold on, someone is on the other line!**
