Never Never Sep 09 2020 *Never Never* Part Two

It Ends with Us Oct 03 2022 In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid,

everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY). **November 9** Dec 13 2020 Beloved #1 New York Times bestselling author of *It Starts with Us*, *It Ends with Us*, and *All Your Perfects* returns with an unforgettable love story between a writer and his unexpected muse. Until one day Fallon becomes unsure if Ben has been telling her the truth or fabricating a perfect reality for the sake of the ultimate plot twist. Can Ben's relationship with Fallon—and simultaneously his novel—be considered a love story if it ends in heartbreak?

We Don't Know Ourselves: A Personal History of Modern Ireland Apr 04 2020 "[L]ike reading a great tragicomic Irish novel." —James Wood, *The New Yorker* "Masterful . . . astonishing." —Cullen Murphy, *The Atlantic* "A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit." —Claire Messud, *Harper's Winner* • 2021 An Post Irish Book Award — Nonfiction Book of the Year • from the judges: "The most remarkable Irish nonfiction book I've read in the last 10 years"; "[A] book for the ages." A celebrated Irish writer's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O'Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O'Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary "backwater" to an almost totally open

society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O'Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the peculiar Irish habit of "deliberate unknowing," which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

Forced to reach out to her last resort, Beyah has to spend the remainder of her summer on a peninsula in Texas with a father she barely knows. Beyah's plan is to keep her head down and let the summer slip by seamlessly, but her new neighbor Samson throws a wrench in that plan. Samson and Beyah have nothing in common on the surface. She comes from a life of poverty and neglect; he comes from a family of wealth and privilege. But one thing they do have in common is that they're both drawn to sad things. Which means they're drawn to each other. With an almost immediate connection too intense for them to continue denying, Beyah and Samson agree to stay in the shallow end of a summer fling. What Beyah doesn't realize is that a rip current is coming, and it's about to drag her heart out to sea.
