[Power from on High](#) Feb 09 2021 We need the endowment of power from on high. Christ had previously informed the disciples that without Him they could do nothing. When He gave them the commission to convert the world, He added, "But tarry ye in Jerusalem till ye be endued with power from on high. Ye shall be baptized with the Holy Ghost not many days hence. Lo, I send upon you the promise of My Father." This baptism of the Holy Ghost, this thing promised by the Father, this endowment of power from on high, Christ has expressly informed us is the indispensable condition of performing the work which he has set before us. How shall we get it? Christ expressly promised it to the whole Church, and to every individual whose duty it is to labour for the conversion of the world. He admonished the first disciples not to undertake the work until they had received this endowment of power from on high. Both the promise and the admonition apply equally to all Christians of every age and nation. No one has, at any time, any right to expect success, unless he first secures this endowment of power from on high. The example of the first disciples teaches us how to secure this endowment.

Finney Lives On Aug 18 2021 " It is necessary for us as human beings to establish patterns of principles and methods to understand intelligently our social, moral, and spiritual processes for purposes of accurate continuity in all good things. It may have been the divine recognition of this need which provided through Moses ' the pattern of the things in the heavens ' (Hebrews 9:23). Providence from time to time, throughout the Christian age, has raised up exemplary men who by their teachings and methods have given to posterity an enlightened process by which a wayward generation may find its way back to God. One of these, and by no means the least, was Charles G. Finney, who embodied in ministry and literature principles and methods which are certain to produce, anywhere, a genuine spiritual revival of Christian zeal and devotion. " —From the Foreword

True Christianity Oct 20 2021 What is true Christianity? There is perhaps no better person in recent history to answer this question than Charles Finney. Finney (1792-1875) was the most powerful Christian preacher of the 1800s who sought to clearly articulate what the Scriptures say about living the true Christian life that pleases God. He fearlessly challenged his hearers to bring every aspect of their lives into obedience to God. This book contains sixteen messages of Finney that describe the essential practice of Christianity. Each message will challenge your faith in a deep way and call you to the life that God intends.

Principles of Discipleship Apr 25 2022 Following a period of great revival, Charles Finney reached a point of physical exhaustion which resulted in his writing a series of articles on various subjects to continue the work of discipleship in the new believers scattered throughout the regions of revival. These practical instructions were published in the Oberlin Evangelist periodical and took the form of letters addressed to specific themes. They now are collected and edited by Pastor L.G. Parkhurst to appear for the first time in book form. As well as letters concerning sanctification, major themes include Finney's letters: • To New Christians • To Ministers • To Parents • To Christians

Principles of Union with Christ Apr 13 2021 Thirty selected devotional readings about a Christian's relationship to Christ gleaned from the writings of Charles G. Finney Though Charles Finney is most often associated with evangelism and revival, his heart yearned over the Christian who, though forgiven of past sins, still lived in bondage to sinful habits. L.G. Parkhurst has carefully selected thirty brief but powerful readings from Finney, showing how freedom comes to a Christian only through a relationship with Christ. Chapter titles include: • Jesus My King • Jesus My All in All • Jesus My Strength • Jesus My Hope • Christ My Rock This new book is similar in format to Finney's Principles of Prayer, also edited by Parkhurst.

Holy Spirit Revivals Dec 10 2020 The Power of God at Work Charles Finney 's ministry led to some of the most amazing revivals that have ever occurred in the United States or England. In Holy Spirit Revivals, Finney recalls those events, revealing the secrets that led to the mass conversions of lost souls in his meetings throughout upstate New York, as well as in Boston, Philadelphia, and London. Finney was unafraid of offending delicate ears by addressing the problem of sin head-on, and his dedication to prayer, his understanding of Scripture, and his radical reliance on the power of the Holy Spirit are a great template for believers today. This treasured account of one of the greatest Christian preachers in history is an outstanding resource for anyone interested in seeing a revival of faith in the church.

Reflections on Revival Aug 25 2019 After more than twenty years of revival ministry, America's greatest evangelist had accumulated knowledge of spiritual awakenings, their implications and excesses, perhaps exceeding that of almost anyone in Christian history. This aggregate wisdom on the subject was first presented to the reading public in the form of a series of 32 open letters, printed on the pages of the Oberlin Evangelist in 1845. Some were recently reproduced in a volume titled Revival Fire. But fifteen of the original letters did not find their way into that book. In your hands you have all thirty-two of the invaluable epistles of the incomparable preacher. - Back cover.

I'm Looking Through You Sep 26 2019 From the famous gender rights activist and bestselling author of She 's Not There comes another buoyant, unforgettable memoir—about growing up in a haunted house...and making peace with the ghosts that dwell in our hearts. For Jennifer Boylan, creaking stairs, fleeting images in the mirror, and the remote whisper of human voices were everyday events in the Pennsylvania house in which she grew up in the 1970s. But these weren 't the only specters beneath the roof of the mansion known as the " Coffin House." Jenny herself—born James—lived in a haunted body, and both her mysterious, diffident father and her wild, unpredictable sister would soon become ghosts to Jenny as well. I 'm Looking Through You is an engagingly candid investigation of what it means to be " haunted." Looking back on the spirits who invaded her family home, Boylan launches a full investigation with the help of a group of earnest, if questionable, ghostbusters. Boylan also examines the ways we find connections between the people we once were and the people we become. With wit and eloquence, Boylan shows us how love, forgiveness, and humor help us find peace—with our ghosts, with our loved ones, and with the uncanny boundaries, real and imagined, between men and women.

The Memoirs of Charles G. Finney Jun 15 2021 In this new, critical edition of Charles Finney's memoirs, Garth Rosell and Richard Dupuis have restored the complete text of the original manuscript. Included are never-before-published sections edited out by a protective 19th century editor.

The Supernatural Occurrences of Charles G. Finney Mar 01 2020 Charles G. Finney (1792-1875) was one of the most successful of the 19th century evangelists. His ministry efforts influenced the likes of William Booth and D. L. Moody along with a whole host of lesser known pastors, teachers, evangelists and missionaries. While his itinerant ministry has been well documented, lesser known are the miracles that he recorded experiencing in his Memoirs. Here, perhaps for the first time, an attempt has been made to compile and analyze these experiences in an attempt to answer the enduring question of whether miracles ended with the completion of the Canon of Scripture or if they will continue until the Second Coming.

Principles of Revival Aug 30 2022 Principles of Revival is an edited version of Finney's first book of published sermons, Sermons on Important Subjects. Parkhurst, the material cannot be found in print anywhere else (except for a few readings that relate to Principles of Victory) Major themes include: • The necessity of preaching to the conscience. • The inevitability of opposition to the gospel. • The operation of the sinner's mind. • Motivating the sinner to repentance. • The relationship in conversion between personal initiation and the work of the Spirit

Power, Passion, & Prayer May 03 2020 In this sensitively updated classic work Finney teaches the reader how we know when revival is needed, how to prevail in prayer for revival and much more.

Lectures on Revival Dec 30 2019 I learned, with pain, that the spirit of revival had greatly declined in the United States, and that a spirit of jangling and controversy alarmingly prevailed. The peculiar circumstances of the church, and the state of revivals, was such, as unavoidably to lead me to the discussion of some points that I would gladly have avoided, had the omission been consistent with my main design, to reach and arouse the church, when she was fast settling down upon her lees. Remembering the Road to World War Two Jul 25 2019 ' This is comparative history on a grand scale, skilfully analysing complex national debates and drawing major conclusions without ever losing the necessary nuances of interpretation. ' Stefan Berger, University of Manchester, UK Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War. It explores how, in the case of each of the major combatant countries, historical writing on the origins of the Second World War has been inextricably entwined with debates over national identity and collective memory. Spanning seven case studies – the Soviet Union, Germany, Italy, France, Great Britain, the United States and Japan – Patrick Finney proposes a fresh approach to the politics of historiography. This provocative volume discusses the political, cultural, disciplinary and archival factors which have contributed to the evolving construction of historical interpretations. It analyses the complex and multi-faceted relationships between texts about the origins of the war, the negotiation of conceptions of national identity and unfolding processes of war remembrance. Offering an innovative perspective on international history and enriching the literature on collective memory, this book will prove fascinating reading for all students of the Second World War.

Moody and Billy Graham—knew a thing or two about revival. And he claimed it began not in the emotion of the masses but in the repentance of the individual. This new journal edition of a spiritual classic invites readers to record their reflections, thoughts, and prayers in response to Finney ' s fiery words on how to experience revival. As you let his message soak in and interact with your life, you might find revival to be closer to home than you ever expected.
