Obviously Jun 26 2019 "A refreshingly funny and blisteringly unsentimental coming-of-age memoir." -John Green, #1 New York Times

bestselling author of Turtles All The Way Down and The Fault in Our Stars In Akilah Hughes's world, family--and life--are often complicated, but always funny. Through intimate and hilarious essays, Akilah takes readers along on her journey from the small Kentucky town where she was born--and eventually became a spelling bee champ and 15-year-old high school graduate--to New

York City, where she took careful steps to fulfill her dream of becoming a writer and performer. Like Tiffany Haddish's *The Last Black Unicorn* or Mindy Kaling's *Is Everyone Hanging Out Without Me?* for the YA set, Akilah pens revealing and laugh-out-loud funny essays about her life, covering everything from her racist fifth grade teacher, her struggles with weight and acne, her failed attempts at joining the cheerleading team, how to literally get to New York (hint: for a girl on a budget, it may include multiple bus transfers) and exactly how to "make it" once you finally get there.

Murder in Canaryville Jan 02 2020 The grandson and great-grandson of Chicago police officers, Chicago Police Detective James Sherlock was CPD through-and-through. His career had seen its share of twists and turns, from his time working undercover to thwart robberies on Chicago's L trains, to his side gig working security at The Jerry Springer Show, to his years as a homicide detective. He thought he had seen it all. But on this day, he was at the records center to see the case file for the murder of John Hughes, who was seventeen years old when he

was gunned down in a park on Chicago's Southwest Side on May 15, 1976. The case had haunted many in the department for years and its threads led everywhere: Police corruption. Hints of the influence of the Chicago Outfit. A crooked judge. Even the belief that the cover-up extended to &“hizzoner&” himself—legendary Chicago Mayor Richard J. Daley. Sherlock, expecting to retire within a year, had a dream assignment: working cold cases for the Chicago office of the FBI. And with time for one more big investigation, he had chosen this stubborn case. More than forty years after the Hughes killing, he was hopeful

he could finally put the case to rest. Then the records clerk handed Sherlock a thin manila folder. A murder that had roiled the city and had been investigated for years had been reduced to a few reports and photographs. What should have been a massive file with notes and transcripts from dozens of interviews was nowhere to be found. Sherlock could have left the records center without the folder and cruised into retirement, and no one would have noticed. Instead, he tucked the envelope under his arm and carried it outside. When the Sisters Said Farewell

Apr 16 2021 When the Sisters Said Farewell tells an important story of the

contributions of Catholic elementary schools to the

United States by chronicling

the experiences and insights of religious women (nuns) who

were the last members of their communities to serve in parish

elementary schools, and of

those lay men and women who

were the first to serve in those roles traditionally filled by the sisters. The dramatic numerical transition from the preponderance of religious women to lay leadership from the 1960s to the 1980s has been documented; this book describes the how and why sisters left Catholic schools. This narrative also provides instructive insights about leadership, transitions, and current trends in religious life and Catholic education. As all educators in Catholic, private, and public schools grapple with questions of delivering an excellent education, this book offers a glimpse into the workings of one of the most amazing educational

enterprises in the history of the United States.

Dagger John Sep 29 2019
Acclaimed biographer John

Loughery tells the story of John Hughes, son of Ireland, friend of William Seward and James Buchanan, founder of St. John's College (now Fordham University), builder of Saint Patrick's Cathedral on Fifth Avenue, pioneer of parochial-school education, and American diplomat. As archbishop of the Archdiocese of New York in the 1840 and 1850s and the most famous Roman Catholic in America, Hughes defended Catholic institutions in a time of nativist bigotry and church burnings and worked tirelessly to help Irish Catholic immigrants find acceptance in their new homeland. His galvanizing and protecting work and

pugnacious style earned him the epithet Dagger John. When the interests of his church and ethnic community were at stake, Hughes acted with purpose and clarity. In *Dagger John*, Loughery reveals Hughes's life as it unfolded amid turbulent times for the religious and ethnic minority he represented. Hughes the public figure comes to the fore, illuminated by Loughery's retelling of his interactions with, and responses to, every major figure of his era, including his critics (Walt Whitman, James Gordon Bennett, and Horace Greeley) and his admirers (Henry Clay, Stephen Douglas, and Abraham Lincoln). Loughery peels back

the layers of the public life of this complicated man, showing how he reveled in the controversies he provoked and believed he had lived to see many of his goals achieved until his dreams came crashing down during the Draft Riots of 1863 when violence set Manhattan ablaze. To know "Dagger" John Hughes is to understand the United States during a painful period of growth as the nation headed toward civil war. *Dagger John's* successes and failures, his public relationships and private trials, and his legacy in the Irish Catholic community and beyond provide context and layers of detail for the larger history of a modern culture

unfolding in his wake. [Life - Elementary](#) Sep 02 2022 No other description available.
