Supporting Inclusive Growth and Sustainable Development in Africa - Volume I May 14 2021 This edited volume explores and dissects Africa's economic growth and sustainable development using an optimal conceptual model of the progressive continent's development up to and until 2030. Africa is studied

not against the background of developed (OECD) and leading developing (e.g. BRICS) countries, but as a separate economy and as a self-sufficient region which follows its own priorities, and implements its own unique opportunities and vectors of growth and development. This first volume addresses the contemporary and topical issues of inclusive growth, digital modernisation, and sustainable development, recommending policy outcomes for the future.

Heroic Reputations and Exemplary Lives Oct 07 2020 Covering periods ranging from the later Middle Ages to the end of the 20th century, these essays combine to offer a wide-ranging examination of the place of hero-worship and of exemplary biography in modern history and culture. The book seeks to contribute to a growing historical literature on the cults and reputations of heroes and other exemplary figures such as Plato, Isaac Newton, David Livingstone, Captain Scott, Florence Nightingale and Nelson Mandela. The essays explore and illustrate the diverse ways in which the lives and characters of specific individuals have been used as devices for talking about moral and cultural values and political and social identities.

The Construction Industry in the Fourth Industrial Revolution Sep 17 2021 This book gathers papers from the 11th Construction Industry Development Board (cidb) Postgraduate Research Conference, held on 28-30 July 2019 in Johannesburg, South Africa. The conference provided an essential forum for reviewing and generating knowledge on Construction 4.0 and, consequently, highlighted processes and practices that allow us to deliver and operate built environment assets more effectively and efficiently by focusing on physical-to-digital and digital-to-physical transformation. The event addressed three broad themes: Industrial production (prefabrication, 3-D printing and assembly, offsite and advanced manufacturing); Cyber-physical systems (actuators, sensors, IoT, robots and cobots for repetitive and dangerous tasks, and drones for mapping, progress monitoring, safety and quality inspections, lifting, moving and positioning); and Technologies (digital ecosystems, digital platforms, BIM, video and laser scanning, AI and cloud computing, big data and data analytics, reality capture, blockchain, simulation, virtual and augmented reality, data standards and interoperability, and vertical and horizontal integration). Given its scope, the book will be of interest to all construction industry and architectural professionals who want to learn about cutting-edge technologies applied to construction

Honours and Awards to Women Nov 27 2019 Introduced in 1918 as an award for bravery in the field, the Military Medal was almost immediately open to women. During its 80 year existence, the Military Medal was awarded to women on only 146 occasions, the vast majority during the First World War. This volume provides the definitive roll of recipients together with citations, many of which were not available at the time, plus service and biographical detail. Over 80% of the entries are accompanied by a photograph. The vast majority of the recipients were British, but the medal was open to women of all nationalities and the names of French and United States recipients are recorded together with allied personnel from the Empire.

Tourism Management Sep 29 2022 This introductory text provides readers with a robust understanding of tourism and its industries, including how destinations are developed, marketed and managed, and how tourism impacts communities, environments and economies. The authors discuss the critical issues affecting 21st century tourism, such as sustainability, the climate crisis, globalisation, community, technology, the environment and the sharing economy. The text has been fully updated in light of the Covid-19 pandemic and its notable, and in some cases lasting, impacts on the tourism industry. The text features new mini-case studies (snapshots) and international case studies from countries around the globe including USA, Saudi Arabia, India, China, New Zealand, Australia, Namibia and the UK. It discusses the latest trends in transport, hospitality, attractions and the travel trade and includes examples from major tourism companies including Trip.com, TUI and Airbnb. The book is suitable for students who are starting their tourism studies as part of their college or university education. Clare Inkson is a Senior Lecturer in Tourism and Course Leader of BA Tourism with Business at the University of Westminster, London. Lynn Minnaert is the Academic Director and Clinical Associate Professor at New York University's Jonathan M. Tisch Center for Hospitality and Tourism.

Royal Bounty Jul 24 2019 Royal Bounty is a pioneering study of the monarchy's social role and its influence in the institutional and civic life of Britain from George III to the present. Drawing on previously unused material from the Royal Archives and elsewhere, the book opens a rich vein in the history of the monarchy which has hitherto received scant attention. Full of revealing insights and novel information (including the precise annual charitable donations of the Queen herself and other members of the

royal family), the book illuminates the transformation of the idea of nobility and the centrality of charitable service in the monarchy's survival. Elegantly written, wry, and handsomely illustrated, it will appeal to everyone interested in voluntarism, social policy, the monarchy and its future.

From Niggas to Gods Apr 12 2021 ...a message to the Black Youth. This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master. They say that my generation is not intelligent enough to read a book. I say that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! We are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace.

The Ideal Man Sep 25 2019 How the West's greatest spy in Asia tried to stop the new American way of war—and the steep price he paid for failing Jim Thompson landed in Thailand at the end of World War II, a former American society dilettante who became an Asian legend as a spy and silk magnate with access to Thai worlds outsiders never saw. As the Cold War reached Thailand, America had a choice: Should it, as Thompson believed, help other nations build democracies from their traditional cultures or, as his ex-OSS friend Willis Bird argued, remake the world through deception and self-serving alliances? In a story rich with insights and intrigue, this book explores a key Cold War episode that is still playing out today. Highlights a pivotal moment in Cold War history that set a course for American foreign policy that is still being followed today Explores the dynamics that put Thailand at the center of the Cold War and the fighting in neighboring Laos that escalated from sideshow to the largest covert operation America had ever engaged in Draws on personal recollections and includes atmospheric details that bring the people, events—and the Thailand of the time—to life Written by a journalist with extensive experience in Asian affairs who has spent years investigating every aspect of this story, including Thompson's tragic disappearance

How to Rebuild Honda B-Series Engines Oct 19 2021 The first book of its kind, How to Rebuild the Honda B-Series Engines shows exactly how to rebuild the ever-popular Honda B-series engine. The book explains variations between the different B-series designations and elaborates upon the features that make this engine family such a tremendous and reliable design. Honda B-series engines are some of the most popular for enthusiasts to swap, and

they came in many popular Honda and Acura models over the years, including the Civic, Integra, Accord, Prelude, CRX, del Sol, and even the CR-V. In this special Workbench book, author Jason Siu uses more than 600 photos, charts, and illustrations to give simple step-by-step instructions on disassembly, cleaning, machining tips, pre-assembly fitting, and final assembly. This book gives considerations for both stock and performance rebuilds. It also guides you through both the easy and tricky procedures, showing you how to rebuild your engine and ensure it is working perfectly. Dealing with considerations for all B-series engines—foreign and domestic, VTEC and non-VTEC—the book also illustrates many of the wildly vast performance components, accessories, and upgrades available for B-series engines. As with all Workbench titles, this book details and highlights special components, tools, chemicals, and other accessories needed to get the job done right, the first time. Appendices are packed full of valuable reference information, and the book includes a Work-Along-Sheet to help you record vital statistics and measurements along the way. You'll even find tips that will help you save money without compromising top-notch results.

In the Gold of Time Jul 16 2021 Set between Normandy and Arizona, *In the Gold of Time* is a seductive tale of silences and dark, half-revealed secrets, and a haunting elegy for innocence lost in a lost world. A young father holidays by the sea near Dieppe with his reproachfully perfect wife and their twin daughters. Returning from the local shop, he meets an eccentric old lady, Alice Berthier, who lives with her mute sister, Clemence. Their mysterious house is full of old photographs and strange objects—sacred ceremonial masks once belonging to the Hopi, a tribe of Native Americans from Arizona. Haunted by memories of a tragic past, Alice takes comfort in her new companion, and he, in turn, is drawn into her mysterious world. As his family recedes into the background, her stirring tales of the Hopi and the Arizona desert become the only salve to his despondent soul

Jim Thompson Mar 31 2020 On Easter Day, 1967, American businessman and founder of the modern Thai silk industry James H.W. Thompson disappeared while supposedly on a stroll in the jungle-clad Cameron Highlands, central Malaysia. The circumstances were unusual, and led to a massive search and investigation. Neither Jim Thompson nor his remains has ever been found . . . Jim Thompson was already a legend in Southeast Asia. Some twenty years earlier, in middle age, he had abandoned his former life to embark on an exotic business career, establishing Jim Thompson Thai Silk Company. With his fortune he built a house and art collection which are among Bangkok's top tourist attractions today. After he vanished, Jim Thompson became the subject of a second legend, a mystery that has never been solved. The facts were first recounted by William Warren in 1970 in his book *The Legendary American*. Today, many people in Thompson's circle are no longer living. Now the author, who knew Thompson well, is able to write more freely. This

revised edition contains new material on Thompson's private life and his alleged role as a CIA agent, drawn from interviews with people close to the events. The result is this definitive account of a true-life mystery of international proportions.

Accidents in History Feb 29 2020 There is now an extensive literature on the social and environmental consequences of living in the risk society. Studies of trauma are also increasingly prominent. But scant attention has been paid to perceptions of risk and danger in the past – in particular, to the history of accidents and the meanings of the accidental. This collection of interdisciplinary essays addresses this lacuna providing a theoretically informed historical sociology of the accident and risk. It explores the social and cultural contexts in which 'acts of God', calamities, catastrophes, disasters, injuries, casualties, and other category of 'mishaps' were experienced, conceptualized and responded to. Drawing on the skills of British, European and North American scholars, *Accidents in History* combines philosophical, sociological and ecological overviews with in-depth historical case-studies. It spans the period from the eighteenth century to the present, probing the epistemological, social and political roots of the accidental. The authors differentiate between industrial and other forms of injury; trace the origins of the normalization of accidents; and analyze the interactions and gendered discrepancies between domestic and non-domestic mishaps. They also investigate the medicalization of sudden injury, and discuss the emergence of new socio-medical and humanitarian discourses around the organization of relief for victims.
