The War of the Worlds Illustrated Nov 04 2022 *The War of the Worlds* is a science fiction novel by English author H. G. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race

World War Z Nov 11 2020 An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

The Art of War Dec 01 2019 *The Art of War* is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, *The Art of War* is a must-read for anybody who works in a competitive environment.

Looking for the Good War Apr 28 2022 "A remarkable book, from its title and subtitle to its last words . . . A stirring indictment of American sentimentality about war." —Robert G. Kaiser, *The Washington Post* In *Looking for the Good War*, Elizabeth D. Samet reexamines the literature, art, and culture that emerged after World War II, bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life. She exposes the confusion about American identity that was expressed during and immediately after the war, and the deep national ambivalence toward war, violence, and veterans—all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States' "exceptional" history and destiny. Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures: the war correspondent epitomized by Ernie Pyle, the character of the erstwhile G.I. turned either cop or criminal in the pulp fiction and feature films of the late 1940s, the disaffected Civil War veteran who looms so large on the screen in the Cold War Western, and the resurgent military hero of the post-Vietnam period. Taken together, these figures reveal key elements of postwar attitudes toward violence, liberty, and nation—attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II. As the United States reassesses its roles in Afghanistan and the Middle East, the time has come to rethink our national mythology: the way that World War II shaped our sense of national destiny, our beliefs about the use of American military force throughout the world, and our inability to accept the realities of the twenty-first century's decades of devastating conflict.

Destined For War Oct 11 2020 NATIONAL BESTSELLER | NEW YORK TIMES NOTABLE BOOK OF THE YEAR. From an eminent international security scholar, an urgent examination of the conditions that could produce a catastrophic conflict between the United States and China—and how it might be prevented. China and the United States are heading toward a war neither wants. The reason is Thucydides's Trap: when a rising power threatens to displace a ruling one, violence is the likeliest result. Over the past five hundred years, these conditions have occurred sixteen times; war broke out in twelve. At the time of publication, an unstoppable China approached an immovable America, and both Xi Jinping and Donald Trump promised to make their countries "great again," the seventeenth case was looking grim—it still is. A trade conflict, cyberattack, Korean crisis, or accident at sea could easily spark a major war. In *Destined for War*, eminent Harvard scholar Graham Allison masterfully blends history and current events to explain the timeless machinery of

Thucydides's Trap—and to explore the painful steps that might prevent disaster today. **SHORT-LISTED FOR THE 2018 LIONEL GELBER PRIZE NAMED A BEST BOOK OF THE YEAR BY: FINANCIAL TIMES * THE TIMES (LONDON)* AMAZON** "Allison is one of the keenest observers of international affairs around." — President Joe Biden "[A] must-read book in both Washington and Beijing." — Boston Globe "[Full of] wide-ranging, erudite case studies that span human history . . . [A] fine book." — New York Times Book Review

On the Nature of War Jun 30 2022 Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The War on the West Mar 04 2020 An Instant New York Times Bestseller! China has concentration camps now. Why do Westerners claim our sins are unique? It is now in vogue to celebrate non-Western cultures and disparage Western ones. Some of this is a much-needed reckoning, but much of it fatally undermines the very things that created the greatest, most humane civilization in the world. In *The War on the West*, Douglas Murray shows how many well-meaning people have been fooled by hypocritical and inconsistent anti-West rhetoric. After all, if we must discard the ideas of Kant, Hume, and Mill for their opinions on race, shouldn't we discard Marx, whose work is peppered with racial slurs and anti-Semitism? Embers of racism remain to be stamped out in America, but what about the raging racist inferno in the Middle East and Asia? It's not just dishonest scholars who benefit from this intellectual fraud but hostile nations and human rights abusers hoping to distract from their own ongoing villainy. Dictators who slaughter their own people are happy to jump on the "America is a racist country" bandwagon and mimic the language of antiracism and "pro-justice" movements as PR while making authoritarian conquests. If the West is to survive, it must be defended. *The War on the West* is not only an incisive takedown of foolish anti-Western arguments but also a rigorous new apologetic for civilization itself.

The War of Words Jun 26 2019 A timely call for recovering the true meanings of the nineteenth-century terms that are hobbling current political debates Nationalism, conservatism, liberalism, socialism, and capitalism are among the most fiercely debated ideas in contemporary politics. Since these concepts hark back to the nineteenth century, much of their nuanced meaning has been lost, and the words are most often used as epithets that short-circuit productive discussion. In this insightful book, Harold James uncovers the origins of these concepts and examines how the problematic definition and meaning of each term has become an obstacle to respectful communication. Noting that similar linguistic misunderstandings accompany such newer ideas as geopolitics, neoliberalism, technocracy, and globalism, James argues that a rich historical knowledge of the vocabulary surrounding globalization, politics, and economics—particularly the meaning and the usefulness that drove the original conceptions of the terms—is needed to negotiate the gaps between different understandings and make fruitful political debate once again possible.

Masters of War Oct 30 2019 *Masters of War* is the first comprehensive study based on a detailed textual analysis of the classical works on war by Clausewitz and Sun Tzu, and to a lesser extent, by Jomini and Machiavelli. Brushing stereotypes aside, the author takes a fresh look at what these strategic thinkers actually said - not what they are widely believed to have said. He finds that despite their apparent differences in terms of time, place, cultural background, and level of material/technological development, all had much more in common than previously supposed. In fact, the central conclusion of this book is that the logic of waging war and of strategic thinking is as universal and timeless as human nature itself.

How Civil Wars Start Jun 18 2021 'When one of the world's leading scholars of civil war tells us that a country is on the brink of violent conflict, we should pay attention. This is an important book' Steven Levitsky and Daniel Ziblatt, authors of *How Democracies Die* Civil wars are the biggest danger to world peace today - this book shows us why they happen, and how to avoid them. Most of us don't know it, but we are living in the world's greatest era of civil wars. While violence has declined worldwide, civil wars have increased. This is a new phenomenon. With the exception of a handful of cases - the American and English civil wars, the French Revolution - historically it has been rare for people to organise and fight their governments. This has changed. Since 1946, over 250 armed conflicts have broken out around the world, a number that continues to rise. Major civil wars are now being fought in countries including Iraq, Syria and Libya. Smaller civil wars are being fought in Ukraine, India, and Malaysia. Even countries we thought could never experience another civil war - such as the USA, Sweden and Ireland - are showing signs of unrest. In *How Civil Wars Start*, acclaimed expert Barbara F. Walter, who has advised on political violence everywhere from the CIA to the U.S. Senate to the United Nations, explains the rise of civil war and the conditions that create it. As democracies across the world backslide and citizens become more polarised, civil wars will become even more widespread and last longer than they have in the past. This urgent and important book shows us a path back toward peace.

Nineteen Eighty-Four Dec 13 2020 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file

worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

This Is How You Lose the Time War Sep 02 2022 HUGO AWARD WINNER: BEST NOVELLA NEBULA AND LOCUS AWARDS WINNER: BEST NOVELLA “[An] exquisitely crafted tale...Part epistolary romance, part mind-blowing science fiction adventure, this dazzling story unfolds bit by bit, revealing layers of meaning as it plays with cause and effect, wildly imaginative technologies, and increasingly intricate wordplay...This short novel warrants multiple readings to fully unlock its complexities.” —Publishers Weekly (starred review). From award-winning authors Amal El-Mohtar and Max Gladstone comes an enthralling, romantic novel spanning time and space about two time-traveling rivals who fall in love and must change the past to ensure their future. Among the ashes of a dying world, an agent of the Commandment finds a letter. It reads: Burn before reading. Thus begins an unlikely correspondence between two rival agents hellbent on securing the best possible future for their warring factions. Now, what began as a taunt, a battlefield boast, becomes something more. Something epic. Something romantic. Something that could change the past and the future. Except the discovery of their bond would mean the death of each of them. There’s still a war going on, after all. And someone has to win. That’s how war works, right? Cowritten by two beloved and award-winning sci-fi writers, *This Is How You Lose the Time War* is an epic love story spanning time and space.

The Winds of War May 06 2020 Like no other masterpiece of historical fiction, Herman Wouk’s sweeping epic of World War II is the great novel of America’s Greatest Generation. Wouk’s spellbinding narrative captures the tide of global events, as well as all the drama, romance, heroism, and tragedy of World War II, as it immerses us in the lives of a single American family drawn into the very center of the war’s maelstrom. *The Winds of War* and its sequel *War and Remembrance* stand as the crowning achievement of one of America’s most celebrated storytellers.

The Summer Before the War Apr 16 2021 NEW YORK TIMES BESTSELLER • “A novel to cure your Downton Abbey withdrawal . . . a delightful story about nontraditional romantic relationships, class snobbery and the everybody-knows-everybody complications of living in a small community.”—The Washington Post The bestselling author of Major Pettigrew’s Last Stand returns with a breathtaking novel of love on the eve of World War I that reaches far beyond the small English town in which it is set. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND NPR** East Sussex, 1914. It is the end of England’s brief Edwardian summer, and everyone agrees that the weather has never been so beautiful. Hugh Grange, down from his medical studies, is visiting his Aunt Agatha, who lives with her husband in the small, idyllic coastal town of Rye. Agatha’s husband works in the Foreign Office, and she is certain he will ensure that the recent saber rattling over the Balkans won’t come to anything. And Agatha has more immediate concerns; she has just risked her carefully built reputation by pushing for the appointment of a woman to replace the Latin master. When Beatrice Nash arrives with one trunk and several large crates of books, it is clear she is significantly more freethinking—and attractive—than anyone believes a Latin teacher should be. For her part, mourning the death of her beloved father, who has left her penniless, Beatrice simply wants to be left alone to pursue her teaching and writing. But just as Beatrice comes alive to the beauty of the Sussex landscape and the colorful characters who populate Rye, the perfect summer is about to end. For despite Agatha’s reassurances, the unimaginable is coming. Soon the limits of progress, and the old ways, will be tested as this small Sussex town and its inhabitants go to war. Praise for *The Summer Before the War* “What begins as a study of a small-town society becomes a compelling account of war and its aftermath.”—*Woman’s Day* “This witty character study of how a small English town reacts to the 1914 arrival of its first female teacher offers gentle humor wrapped in a hauntingly detailed story.”—*Good Housekeeping* “Perfect for readers in a post-Downton Abbey slump . . . The gently teasing banter between two kindred spirits edging slowly into love is as delicately crafted as a bone-china teacup. . . . More than a high-toned romantic reverie for Anglophiles—though it serves the latter purpose, too.”—The Seattle Times

War: How Conflict Shaped Us Jul 20 2021 Is peace an aberration? The bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE EAST HAMPTON STAR** “Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book.”—H.R. McMaster, author of *Dereliction of Duty* and *Battlefields: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity’s history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

The Name of War Jan 14 2021 Winner of the Bancroft Prize *King Philip’s War*, the excruciating racial war—colonists against Indians—that erupted in New England in 1675, was, in proportion to population, the bloodiest in American history. Some even argued that the massacres and outrages on both sides were too horrific to “deserve the name of a war.” The war’s brutality compelled the colonists to defend themselves against accusations that they had become savages. But Jill Lepore makes clear that it was after the war—and

because of it—that the boundaries between cultures, hitherto blurred, turned into rigid ones. King Philip's War became one of the most written-about wars in our history, and Lepore argues that the words strengthened and hardened feelings that, in turn, strengthened and hardened the enmity between Indians and Anglos. Telling the story of what may have been the bitterest of American conflicts, and its reverberations over the centuries, Lepore has enabled us to see how the ways in which we remember past events are as important in their effect on our history as were the events themselves. Winner of the the 1998 Ralph Waldo Emerson Award of the Phi Beta Kappa Society

War Girls Jan 26 2022 Two sisters are torn apart by war and must fight their way back to each other in a futuristic, Black Panther-inspired Nigeria. The year is 2172. Climate change and nuclear disasters have rendered much of earth unlivable. Only the lucky ones have escaped to space colonies in the sky. In a war-torn Nigeria, battles are fought using flying, deadly mechs and soldiers are outfitted with bionic limbs and artificial organs meant to protect them from the harsh, radiation-heavy climate. Across the nation, as the years-long civil war wages on, survival becomes the only way of life. Two sisters, Onyii and Ify, dream of more. Their lives have been marked by violence and political unrest. Still, they dream of peace, of hope, of a future together. And they're willing to fight an entire war to get there. Acclaimed author, Tochi Onyebuchi, has written an immersive, action-packed, deeply personal novel perfect for fans of Nnedi Okorafor, Marie Lu, and Paolo Bacigalupi.

What Every Person Should Know About War Jul 28 2019 Acclaimed New York Times journalist and author Chris Hedges offers a critical -- and fascinating -- lesson in the dangerous realities of our age: a stark look at the effects of war on combatants. Utterly lacking in rhetoric or dogma, this manual relies instead on bare fact, frank description, and a spare question-and-answer format. Hedges allows U.S. military documentation of the brutalizing physical and psychological consequences of combat to speak for itself. Hedges poses dozens of questions that young soldiers might ask about combat, and then answers them by quoting from medical and psychological studies. • What are my chances of being wounded or killed if we go to war? • What does it feel like to get shot? • What do artillery shells do to you? • What is the most painful way to get wounded? • Will I be afraid? • What could happen to me in a nuclear attack? • What does it feel like to kill someone? • Can I withstand torture? • What are the long-term consequences of combat stress? • What will happen to my body after I die? This profound and devastating portrayal of the horrors to which we subject our armed forces stands as a ringing indictment of the glorification of war and the concealment of its barbarity.

A Long Way Gone Nov 23 2021 In a heart-wrenching, candid autobiography, a human rights activist offers a firsthand account of war from the perspective of a former child soldier, detailing the violent civil war that wracked his native Sierra Leone and the government forces that transformed a gentle young boy into a killer as a member of the army. 75,000 first printing.

Deciphering Sun Tzu Feb 12 2021 As the People's Republic's seemingly inexorable rise to economic and military power continues, never has the need for a better grasp of Chinese strategic thought by the West been more acute. In *Deciphering Sun Tzu*, Derek Yuen seeks to reclaim for the reader the hidden contours and lost Chinese and Taoist contexts of Sun Tzu's renowned treatise *The Art of War*, a literary classic and arguably one of the most influential books ever written. He also explains its historical, philosophical, strategic, and cross-cultural significance. His comprehensive analysis of Sun Tzu, based on a close reading of the Chinese sources, also reconstructs the philosophy, Taoist methodology and worldview that effectively form the cornerstones of Chinese strategic thinking, which are arguably as relevant today as at any moment in history. Yuen's innovative reading and analysis of Sun Tzu within and from a Chinese context is a new way of approaching the strategic master's main concepts, which he compares with those of Clausewitz, Liddell-Hart and other Western strategists. *Deciphering Sun Tzu* offers illuminating analysis and contextualization of *The Art of War* in a manner that has long been sought by Western readers and opens new means of getting to grips with Chinese strategic thought.

The Red Badge of Courage Aug 28 2019 Stephen Crane's immortal masterpiece about the nightmare of war was first published in 1895 and brought its young author immediate international fame. Set during the Civil War, it tells of the brutal disillusionment of a young recruit who had dreamed of the thrill and glory of war, only to find himself fleeing the horror of a battlefield. Shame over his cowardice drives him to seek to redeem himself by being wounded—earning what he calls the “red badge of courage.” Praised for its psychological insight and its intense and unprecedented realism in portraying the experience of men under fire, *The Red Badge of Courage* has been a beloved bestseller for more than a century.

Rhythm of War Dec 25 2021 An instant #1 New York Times Bestseller and a USA Today and Indie Bestseller! The Stormlight Archive saga continues in *Rhythm of War*, the eagerly awaited sequel to Brandon Sanderson's #1 New York Times bestselling *Oathbringer*, from an epic fantasy writer at the top of his game. After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted, brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or personally face the storm of failure. Other Tor books by Brandon Sanderson *The Cosmere* *The Stormlight Archive* *The Way of Kings* *Words of Radiance* *Edgedancer* (Novella) *Oathbringer* *Rhythm of War* *The Mistborn trilogy* *Mistborn: The Final Empire* *The Well of Ascension* *The Hero of Ages*

The Unwomanly Face of War Oct 03 2022 A long-awaited English translation of the groundbreaking oral history of women in World War II across Europe and Russia—from the winner of the Nobel Prize in Literature NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • The Guardian • NPR • The Economist • Milwaukee Journal Sentinel • Kirkus Reviews For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “a new kind of literary genre,” describing her work as “a history of emotions . . . a history of the soul.” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of the Soviet women who fought on the front lines, on the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots, tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more than a hundred towns to record these women's stories. Together, this symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER OF THE NOBEL PRIZE IN LITERATURE “for her polyphonic writings, a monument to suffering and courage in our time.” “A landmark.”—Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “An astonishing book, harrowing and life-affirming . . . It deserves the widest possible readership.”—Paula Hawkins, author of *The Girl on the Train* “Alexievich has gained probably the world's deepest, most eloquent understanding of the post-Soviet condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.”—Masha Gessen, National Book Award-winning author of *The Future Is History*

War in 140 Characters Aug 09 2020 A leading foreign correspondent looks at how social media has transformed the modern battlefield, and how wars are fought Modern warfare is a war of narratives, where bullets are fired both physically and virtually. Whether you are a president or a terrorist, if you don't understand how to deploy the power of social media effectively you may win the odd battle but you will lose a twenty-first century war. Here, journalist David Patrikarakos draws on unprecedented access to key players to provide a new narrative for modern warfare. He travels thousands of miles across continents to meet a de-radicalized female member of ISIS recruited via Skype, a liberal Russian in Siberia who takes a job manufacturing “Ukrainian” news, and many others to explore the way social media has transformed the way we fight, win, and consume wars—and what this means for the world going forward.

Tomorrow, When the War Began Feb 01 2020 When Ellie and six of her friends return home from a camping trip deep in the bush, they find things hideously wrong -- their families gone, houses empty and abandoned, pets and stock dead. Gradually they begin to comprehend that their country has been invaded and everyone in the town has been taken prisoner. As the horrible reality of the situation becomes evident they have to make a life-and-death decision: to run back into the bush and hide, to give themselves up to be with their families, or to stay and try to fight. This riveting, tautly-drawn novel seems at times to be only a step away from today's headlines.

Stalin's War May 18 2021 A prize-winning historian reveals how Stalin—not Hitler—was the animating force of World War II in this major new history. World War II endures in the popular imagination as a heroic struggle between good and evil, with villainous Hitler driving its events. But Hitler was not in power when the conflict erupted in Asia—and he was certainly dead before it ended. His armies did not fight in multiple theaters, his empire did not span the Eurasian continent, and he did not inherit any of the spoils of war. That central role belonged to Joseph Stalin. The Second World War was not Hitler's war; it was Stalin's war. Drawing on ambitious new research in Soviet, European, and US archives, *Stalin's War* revolutionizes our understanding of this global conflict by moving its epicenter to the east. Hitler's genocidal ambition may have helped unleash Armageddon, but as McMeekin shows, the war which emerged in Europe in September 1939 was the one Stalin wanted, not Hitler. So, too, did the Pacific war of 1941-1945 fulfill Stalin's goal of unleashing a devastating war of attrition between Japan and the “Anglo-Saxon” capitalist powers he viewed as his ultimate adversary. McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain's self-defeating strategic moves, beginning with Lend-Lease aid, as American and British supply boards agreed almost blindly to every Soviet demand. Stalin's war machine, McMeekin shows, was substantially reliant on American matériel from warplanes, tanks, trucks, jeeps, motorcycles, fuel, ammunition, and explosives, to industrial inputs and technology transfer, to the foodstuffs which fed the Red Army. This unreciprocated American generosity gave Stalin's armies the mobile striking power to conquer most of Eurasia, from Berlin to Beijing, for Communism. A groundbreaking reassessment of the Second World War, *Stalin's War* is essential reading for anyone looking to understand the current world order.

The Sleepwalkers Jun 06 2020 One of The New York Times Book Review's 10 Best Books of the Year Winner of the Los Angeles Times Book Prize (History) *The Sleepwalkers: How Europe Went to War in 1914* is historian Christopher Clark's riveting account of the explosive beginnings of World War I. Drawing on new scholarship, Clark offers a fresh look at World War I, focusing not on the battles and atrocities of the war itself, but on the complex events and relationships that led a group of well-meaning leaders into brutal conflict. Clark traces the paths to war in a minute-by-minute, action-packed narrative that cuts between the key decision centers in Vienna, Berlin, St. Petersburg, Paris, London, and Belgrade, and examines the decades of history that

informed the events of 1914 and details the mutual misunderstandings and unintended signals that drove the crisis forward in a few short weeks. Meticulously researched and masterfully written, Christopher Clark's *The Sleepwalkers* is a dramatic and authoritative chronicle of Europe's descent into a war that tore the world apart.

Chapter War Aug 01 2022 Having brought a halt to the mutation of their gene-seed that caused them to be cast out of the Imperium, the Soul Drinkers Space Marines' plans to rejoin the forces of the Emperor are thwarted by the treasonous ideas of their new recruits.

The Virtues of War Mar 16 2021 I have always been a soldier. I have known no other life. So begins Alexander's extraordinary confession on the eve of his greatest crisis of leadership. By turns heroic and calculating, compassionate and utterly merciless, Alexander recounts with a warrior's unflinching eye for detail the blood, the terror, and the tactics of his greatest battlefield victories. Whether surviving his father's brutal assassination, presiding over a massacre, or weeping at the death of a beloved comrade-in-arms, Alexander never denies the hard realities of the code by which he lives: the virtues of war. But as much as he was feared by his enemies, he was loved and revered by his friends, his generals, and the men who followed him into battle. Often outnumbered, never outfought, Alexander conquered every enemy the world stood against him—but the one he never saw coming. . . . **BONUS:** This edition contains an excerpt from Steven Pressfield's *The Profession*.

Sun Tzu - The Art of War for Managers Jan 02 2020 In today's competitive business world, you must capture the high ground and defend it against your rivals. The secret lies in mastering the strategic arts taught by the ancient Chinese military theorist Sun Tzu. Gerald A. Michaelson's classic book breaks down Sun Tzu's lessons to help you move from manager to leader and vanquish your competition. In this fully updated edition, Steven Michaelson offers new examples drawn from companies ranging from Amazon to Toyota to Google, putting Sun Tzu at your side for today's business challenges. Here is the wisdom--tested for twenty-five centuries--that will help you seize the advantage, storm your competitors' gates, and conquer the marketplace!

The War of Art May 30 2022 What keeps so many of us from doing what we long to do? Why is there a naysayer within? How can we avoid the roadblocks of any creative endeavor—be it starting up a dream business venture, writing a novel, or painting a masterpiece? *The War of Art* identifies the enemy that every one of us must face, outlines a battle plan to conquer this internal foe, then pinpoints just how to achieve the greatest success. *The War of Art* emphasizes the resolve needed to recognize and overcome the obstacles of ambition and then effectively shows how to reach the highest level of creative discipline. Think of it as tough love . . . for yourself.

A Ballad of the Civil War Sep 09 2020 **A Brother's War** Tom Rigby didn't think that anything could ever come between him and his twin, Jack. But things begin to change when Tom learns that they are not allowed to play with their friend Aaron anymore because he's a slave. Tom is upset, but Jack doesn't seem to care. All Jack cares about is playing soldier. Eleven years later, when war breaks out, Jack joins the Confederation army. But Tom can't bring himself to fight for a cause he doesn't believe in -- slavery. So Tom rides north to join the Union army -- even though he knows he may one day have to face his brother on the battlefield.

The War Before the War Sep 21 2021 A New York Times Notable Book Selection Winner of the Mark Lynton History Prize Winner of the Anisfield-Wolf Book Award Winner of the Lionel Trilling Book Award A New York Times Critics' Best Book "Excellent... stunning."—Ta-Nehisi Coates This book tells the story of America's original sin—slavery—through politics, law, literature, and above all, through the eyes of enslaved black people who risked their lives to flee from bondage, thereby forcing the nation to confront the truth about itself. The struggle over slavery divided not only the American nation but also the hearts and minds of individual citizens faced with the timeless problem of when to submit to unjust laws and when to resist. *The War Before the War* illuminates what brought us to war with ourselves and the terrible legacies of slavery that are with us still.

The 33 Strategies Of War Feb 24 2022 The third in Robert Greene's bestselling series is now available in a pocket sized concise edition. Following *48 Laws of Power* and *The Art of Seduction*, here is a brilliant distillation of the strategies of war to help you wage triumphant battles everyday. Spanning world civilisations, and synthesising dozens of political, philosophical, and religious texts, *The Concise 33 Strategies of War* is a guide to the subtle social game of everyday life. Based on profound and timeless lessons, it is abundantly illustrated with examples of the genius and folly of everyone from Napoleon to Margaret Thatcher and Hannibal to Ulysses S. Grant, as well as diplomats, captains of industry and Samurai swordsmen.

Ghost Fleet Mar 28 2022 Two authorities on future warfare join forces to create a taut, convincing novel—set in 2026—about a besieged America battling for its very existence.

The War That Saved My Life Aug 21 2021 *Newbery Honor book *Winner of the Schneider Family Book Award This #1 New York Times bestseller is an exceptionally moving story of triumph against all odds set during World War II, from the acclaimed author of *Fighting Words*, and for fans of *Fish in a Tree* and *Sarah, Plain and Tall*. Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman who is forced to take the two kids in. As Ada teaches herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother? "Aching lovely...Nuanced and emotionally acute."—*The Wall Street Journal* "Unforgettable...unflinching."—*Common Sense Media* ★ "Brisk and honest...Cause for celebration." —*Kirkus*, starred review ★ "Poignant."—*Publishers Weekly*, starred review ★ "Powerful."—*The Horn Book*, starred review "Affecting."—*Booklist* "Emotionally satisfying...[A] page-turner."—*BCCB* "Exquisitely written...Heart-lifting." —*SLJ* "Astounding...This book is remarkable."—Karen Cushman, author *The Midwife's Apprentice* "Beautifully

told."—Patricia MacLachlan, author of *Sarah, Plain and Tall* "I read this novel in two big gulps."—Gary D. Schmidt, author of *Okay for Now* "I love Ada's bold heart...Her story's riveting."—Sheila Turnage, author of *Three Times Lucky*

Don't Know Much About the Civil War Sep 29 2019 "Highly informative and entertaining...propels the reader light years beyond dull textbooks and *Gone with the Wind*." —San Francisco Chronicle It has been 150 years since the opening salvo of America's War Between the States. New York Times bestselling author Ken Davis tells us everything we never knew about our nation's bloodiest conflict in *Don't Know Much About* ® the Civil War—another fascinating and fun installment in his acclaimed series.

Slaughterhouse-Five Oct 23 2021 Kurt Vonnegut's masterpiece, *Slaughterhouse-Five* is "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time). Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." More than fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties.

War in Human Civilization Jul 08 2020 In this truly global study, Azar Gat sets out to unravel the 'riddle of war' throughout human history, from the early hunter-gatherers right through to the unconventional terrorism of the twenty-first century.

The Free World Apr 04 2020 "An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one." —Carlos Lozada, *The Washington Post* "The *Free World* sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | A *Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of "freedom" applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his New Yorker essays, Menand takes us inside Hannah Arendt's Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage's residencies at North Carolina's Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg's friendship with Lionel Trilling, James Baldwin's transformation into a Civil Right spokesman, Susan Sontag's challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America's once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.
