

extraordinary lifetime's work. Including reviews from *The Godfather* to *GoodFellas* and interviews with everyone from Martin Scorsese to Meryl Streep, as well as showcasing some of Ebert's most admired essays—among them a moving appreciation of John Cassavetes and a loving tribute to the virtues of black-and-white films—Ebert's *Awake in the Dark* is a treasure trove not just for fans of this era-defining critic, but for anyone desiring a compulsively readable chronicle of the silver screen. Stretching from the dramatic rise of rebel Hollywood and the heyday of the auteur to the triumph of blockbuster films such as *Star Wars* and *Raiders of the Lost Ark*, to the indie revolution that is still with us today, *Awake in the Dark* reveals a writer whose exceptional intelligence and daily bursts of insight and enthusiasm helped shape the way we think about the movies. But more than this, *Awake in the Dark* is a celebration of Ebert's inimitable voice—a voice still cherished and missed.

**Development Through the Lifespan** Mar 01 2020 Laura Berk's *Development Through the Lifespan* is relied upon in classrooms worldwide for its clear, engaging writing style, exceptional multicultural and cross-cultural focus, cutting-edge consideration of the interrelationships between heredity and environment, rich examples, and long-standing commitment to presenting the most up-to-date scholarship. This new edition continues to offer students research-based practical applications that they can relate to their personal and professional lives. Laura Berk, renowned professor and researcher, has revised the text with new pedagogy, a heightened emphasis on the interplay between heredity and environment, and an enhanced focus on many social policy issues, while emphasizing the lifespan perspective throughout. The latest theories and findings in the field are made accessible to students in a manageable and relevant way. Berk's signature storytelling style invites students to actively learn beside the text's "characters." Students are provided with an especially clear and coherent understanding of the sequence and underlying processes of human development, emphasizing the interrelatedness of all domains—physical, cognitive, emotional, social—throughout the text narrative and in special features. Berk also helps students connect their learning to their personal and professional areas of interest. Her voice comes through when speaking directly about issues students will face in their future pursuits as parents, educators, health care providers, social workers, and researchers. As members of a global and diverse human community, students are called to intelligently approach the responsibility of understanding and responding to the needs and concerns of both young and old. While carefully considering the complexities of human development, Berk presents classic and emerging theories in an especially clear, engaging writing style, with a multitude of research-based, real-world, cross-cultural, and multicultural examples. Strengthening the connections among developmental domains and of theory and research with applications, this edition's extensive revision brings forth the most recent scholarship, representing the changing field of human development. **Never Date Your Ex** Nov 08 2020 She's the one woman I'd give anything to forget—and now I'm stuck living with her. I'm making a fresh start in Lake Tahoe, until my stubborn sister decides to move Mira into our cabin. I'll be damned if I move out on Mira's account. Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. I think we can manage." Once the walls come down, emotions run hot. Grab *Never Date Your Ex*, a sexy, second-chance romance! Keywords: second chance romance, New Adult, second chances, enemies to lovers, suspense, first love, feel-good, casino romance, men of lake tahoe, romantic comedy, rom-com, steamy romance, second-chance romance, new adult romance, enemies-to-lovers, vacation read, beach read, workplace romance, alpha hero, high school crush, unrequited love

**Damnation Marked** Dec 30 2019 There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.

**Photographs of a Lifetime** Feb 09 2021 The most comprehensive collection of the photographer's work ever published. Dorothea Lange: *Photographs of a Lifetime* begins with her portraits from the early years, when she was a fashionable studio photographer, and moves into the classic images that established Lange as the preeminent documentary artist of her time: the Depression bread lines and demonstrations, the blighted farms, the migrating farm families, and the makeshift, desolate tent camps. The book concludes with her photographs from the final years, when Lange traveled the globe, finally turning the lens on her children and grandchildren and the familiar objects of her daily life. In a penetrating critical biography, Pulitzer Prize-winning author Robert Coles offers an incisive study of Lange's life and work.

**Multiple Imputation for Nonresponse in Surveys** Jul 17 2021 Demonstrates how nonresponse in sample surveys and censuses can be handled by replacing each missing value with two or more multiple imputations. Clearly illustrates the advantages of modern computing to such handle surveys, and demonstrates the benefit of this statistical technique for researchers who must analyze them. Also presents the background for Bayesian and frequentist theory. After establishing that only standard complete-data methods are needed to analyze a multiply-imputed set, the text evaluates procedures in general circumstances, outlining specific procedures for creating imputations in both the ignorable and nonignorable cases. Examples and exercises reinforce ideas, and the interplay of Bayesian and frequentist ideas presents a unified picture of modern statistics.
