Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. *The Everything Store* is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Noise from the North End Jun 27 2019 It was the 1960's. The British Invasion was under way as The Who, Beatles and Rolling Stones dominated the top of the charts. In Canada, Toronto's trending Yorkville district was attracting Canadian acts to its many coffee houses and nightclubs. In 1965, Canada's Ugly Ducklings burst onto the music scene with their gritty garage-punk style and the rest is music history. Noise from the North End is a wild, energetic, original and enduring story of one rock band's journey through Canada's music scene, from smoky coffee houses to high school dances to bars and nightclubs throughout Canada in the 60s and 70s. It is also a compelling chronicle of a music industry often unwilling to get behind its talented and popular musicians and really promote them; to the extent some moved to the U.S. where their careers finally took off. Noise from the North End contains never before told anecdotes and never before seen photographs that explore a unique era in Canadian music....
