A Question of Self-esteem Jul 07 2020 This comparative study of French and Italian relations with the US during the early Cold War shows that French and Italian ambitions of status crucially affected the formation of the Western Alliance.

De Gasperi Jan 25 2022

Catholicism and Fascism in Europe 1918 - 1945 Jul 27 2019 Die im vorliegenden Band versammelten Aufsätze analysieren die vielfältige Art und Weise, wie der Vatikan, die nationalen Kirchen und einzelne Katholiken mit dem Aufstieg der extremen Rechten in Europa während der 1920er, 1930er und frühen 1940er Jahre umgingen, vom Ende des Ersten Weltkriegs, der mit Recht als einer der wichtigsten Katalysatoren des europäischen Faschismus in der Zwischenkriegszeit gilt, bis zum Schluss und zu den unmittelbaren Nachwirkungen des Zweiten Weltkriegs. Während einige Aufsätze sich auf theoretische, methodologische Probleme konzentrieren, beschäftigen sich die meisten Beiträge mit jeweils einem Land oder einer Region, wo eine faschistische Bewegung oder ein solches Regime zwischen den Kriegen und während des Zweiten Weltkriegs erfolgreich war, und wo es gleichzeitig eine signifikante katholische Präsenz in der Gesellschaft gab. Fast ganz Europa wird behandelt – ein beispielloses Unternehmen –, und eine große Zahl wichtiger Kontexte und Methoden wird untersucht. So wirken die Beiträge mit an der allgemeinen Entwicklung eines interpretativen ‚Cluster‘-Modells, das eine Reihe von Grundmustern der Forschung vereinigt und zukünftige Untersuchungen anregen wird. The papers presented in this volume analyse the many ways in which the Vatican, national Churches and individual Catholics dealt with the rise of the extreme right in Europe throughout the 1920s, 1930s and early 1940s, from the end of the First World War, arguably one of the main catalysts of European interwar fascism, to the conclusion and immediate aftermath of the Second World War. While a number of papers focus primarily on theoretical, methodological issues pertaining to the book's general theme, the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the Second World War, and where there was a significant Catholic presence in society. The various chapters cover almost the entire European continent – an endeavour that is unprecedented –, and they explore a wide range of relevant contexts and methodologies, thus further contributing to the general development of an interpretive 'cluster' model that incorporates a series of investigative matrixes, and that will hopefully inspire future research.

Decidere l'Europa Feb 11 2021 Das Buch analysiert die Entscheidung deutscher und italienischer

Spitzenpolitiker, nach 1945 auf nationale Souveränitätsrechte zu verzichten, um die Integration Europas voranzutreiben, in Abhängigkeit vom erfahrungsgesättigten Epochenbewusstsein der Zeit. Im Zentrum stehen die Um-1880-Geborenen, jene Alterskohorten, die das gesamte "Katastrophenzeitalter" des 20. Jahrhunderts bewusst erlebten, maßgeblich durch die Faschismuserfahrung in beiden Ländern geprägt waren und nach 1945 den Prozess der europäischen Einigung vorantrieben. Vielfach mit dem Nationalstaat als scheinbar unterhintergehbaren Rahmen politischer Ordnung sozialisiert, waren sie es, die nach 1945 die europäische Integration einleiteten, die den Nationalstaat als Kategorie politischer Ordnung erodieren ließ. Der Band kombiniert biographie- und generationengeschichtliche Längsschnittanalysen mit mentalitätsgeschichtlichen Querschnitten, um das Handeln politischer Akteure aus historischem Bewusstsein in beiden Ländern zu rekonstruieren. Die aus den Erfahrungen des 20. Jahrhunderts resultierenden individuellen und kollektiven Lernprozesse werden dabei ebenso sichtbar wie kultur- und erfahrungsgeschichtliche Konvergenzen und Divergenzen im deutsch-italienischen Verhältnis.

Universalism and Liberation Oct 10 2020 The changing attitude of Catholic culture towards modernity After decades of a problematic, if not plainly hostile, approach to modernity by Catholic culture, the 1960s marked the beginning of a new era. As the Church employed a more positive approach to the world, voices in the Catholic milieu embraced a radical perspective, channeling the need for social justice for the poor and the oppressed. The alternative and complementary world views of 'universalism' and 'liberation' would drive the engagement of Catholics for generations to come, shaping the idea of international community in Catholic culture. Because of its traditional connection with the papacy and because of its prominent role in the map of European progressive Catholicism, Italy stands out as an ideal case study to follow these dynamics. By locating the Italian scenario in a broader geographical frame, Universalism and Liberation offers a new vantage point from which to investigate the social and political relevance of religion in an age of crisis.

La sfida si rinnova-Lo scontro fra fede e libertà nelle logiche del terrorismo Aug 27 2019 Il soggetto principale del libro è il nesso fra gli accadimenti di natura terroristica, da un lato, e la cultura, dall'altro lato. Il binomio fede/libertà viene qui assunto sia come nucleo di ogni vera cultura di popolo e sia come nucleo della tradizione vincente e allo stesso tempo della crisi dei paradigmi culturali dell'Occidente e, ancora, come sentimenti sottesi agli avvenimenti che hanno caratterizzato il confronto fra il Nord e il Sud del mondo, ancor prima del crollo del Muro di Berlino e perlomeno fin dalla fine degli anni Sessanta, ma soprattutto dopo, quando finalmente poté riemergere il fondamento culturale identitario dei popoli. Fede e libertà come simboli, rispettivamente, della identità comunitaria e della razionalità moderna filosofica e politica. Fede e libertà che convivono sia nei Paesi a più avanzato sviluppo capitalistico e sia in quelli economicamente e socialmente meno strutturati dal punto di vista tecnologico. Fede e libertà che si sfidano, da sempre nel mondo (ma in modo particolare dall'epoca illuministica in poi), presso tutti i popoli e nel cuore di ogni individuo. Grande rilievo viene dato agli spaccati di vita personale di diversi protagonisti della scena politica e culturale, nella convinzione che le idee giochino comunque un ruolo importante nella determinazione delle scelte.

Il segno della DC Sep 28 2019

Annuaire European Jun 25 2019 Avec ce quatrième volume, l'Annuaire européen entre dans la seconde phase de son existence. A l'origine, la publication de cet Annuaire avait été, à titre d'expérience, prévue pour trois ans. Cette période est déjà dépassée, et le succès de l'expérience est démontré par de nombreuses critiques élogieuses comme par l'accueil très favorable que lui ont réservé les milieux intéressés aux affaires européennes. En conséquence, le Comité des Ministres du Conseil de l'Europe a décidé, en mars 1957, que l'Annuaire européen continuerait à paraître sans limitation de durée. Ainsi les assises de notre œuvre sont, pour ainsi dire, devenues permanentes, et ce fait même prouve les progrès réalisés dans la voie de l'intégration européenne. En effet l'année 1957 a été extrêmement fructueuse en ce qui concerne l'intégration européenne et, alors que, dans l'ensemble, ce volume IV devait être consacré à l'évolution des faits en 1956, nous avons dû également porter notre attention, aussi bien dans les articles que dans la partie documentaire, sur les nouvelles institutions, dont l'importance est capitale. C'est pourquoi le Traité instituant la Communauté Economique Européenne figure parmi les textes documentaires du présent volume; toutefois, en raison du manque de place, la publication du Traité instituant l'Euratom a été différée jusqu'au prochain volume. Étant donné l'importance de ces deux nouveaux traités pour l'intégration européenne, le Comité de rédaction demanda à M.

The Atlantic Pact Forty Years Later Jul 31 2022

Britain, Italy and the Origins of the Cold War Oct 22 2021 Effie G.H. Pedaliu analyzes the British Labour government's contribution to the postwar reconstruction of Italy. The book focuses on five areas: the punishment of war criminality; the reconstruction of the Italian armed forces; the Italian elections of April 1948 and Italy's institutional role in western security arrangements and on European integrative bodies. It reveals that British policy towards Italy was underpinned not only by power politics but also by moral and ideological considerations.

European Community, Atlantic Community? Jul 19 2021

Great Britain, France, Germany and Italy and the Origins of the EEC, 1952-1957 Dec 24 2021

Encyclopedia of the Cold War Apr 15 2021 Between 1945 and 1991, tension between the USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short of a full-blown war. Benefiting from the recent research of newly open archives, the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political

evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945–1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

The United States, Italy and the Origins of Cold War Sep 01 2022 This international history of the origins of 'cold war' in postwar Europe examines the complex relationship between the United States and Italy.

The Cold War: The Definitive Encyclopedia and Document Collection [5 volumes] Oct 02 2022 This sweeping reference work covers every aspect of the Cold War, from its ignition in the ashes of World War II, through the Berlin Wall and the Cuban Missile Crisis, to the collapse of the Soviet Union in 1991. The Cold War superpower face-off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material. Includes more than 1,500 entries covering all facets of the Cold War from its origins to its aftermath, including all political, diplomatic, military, social, economic, and cultural aspects Incorporates the scholarship of more than 200 internationally recognized contributors from around the world, many writing about events and issues from the perspective of their country of origin Offers more than 100 original documents—a collection that draws heavily on material from archives in China, Eastern Europe, and the former Soviet Union Provides hundreds of powerful images and dozens of informative maps detailing specific military conflicts and movements of various groups Includes a detailed chronology of important events that occurred before, during, and after the Cold War

De Gasperi, gli USA e il Vaticano Oct 29 2019

De Gasperi e la questione socialista Feb 23 2022

De Gasperi. Uno studio Apr 27 2022 De Gasperi va fatto scendere dal piedistallo di marmo sul quale è stato posto e va calato tra noi, o quella giustizia che il tempo gli ha reso resterà nei libri di storia ma non sarà nella vita di oggi del Paese per aiutarci a capire come riprendere la via dello sviluppo.

Christian Democracy in Europe Since 1945 Dec 12 2020 For the first time, this book reveals the actual roles of the Christian Democratic (CD) parties in postwar Europe from a pan-European perspective. It shows how Christian Democratic parties became the dominant political force in postwar Western Europe, and how the European People's Party is currently the largest group in the European Parliament. CD parties and political leaders like Adenauer, Schuman and De Gasperi played a particularly important role in the evolution of the 'core Europe' of the EEC/EC after 1945. Key chapters address the same questions about the parties' membership and social organization; their economic and social policies; and their European and international policies during the Cold War. The book also includes two survey chapters setting out the international political context for CD parties and comparing their postwar development, and two chapters on their transnational party cooperation after 1945. This is the companion volume to *Political Catholicism in Europe 1918-1945*.

La svolta occidentale. De Gasperi e il nuovo ruolo in America Nov 03 2022

Storia della Democrazia cristiana: De Gasperi e l'età del centrismo, 1948-1954 Nov 30 2019

Living on the Lake in Prehistoric Europe Apr 03 2020 The chance discovery in 1854 of a prehistoric lake village on Lake Zurich triggered what we now call the 'lake-dwelling phenomenon'. One hundred and fifty years of research and animated academic disputes have transformed the phenomenon into one of the most reliable sources of information in wetland archaeology. This definitive volume provides an overview of the development of lake village studies, explores the impact of a range of scientific techniques on the settlements and considers how the public can relate to this evocative and exciting branch of archaeology. It explains how the multidisciplinary research context has significantly improved our knowledge of prehistoric wetland communities, from an environmental as well as a cultural perspective.

Securing Peace in Europe, 1945–62 May 17 2021 As European security structures are undergoing transformation in the 1990s it is crucial to examine their origins and rationale: NATO secured peace and facilitated economic and political co-operation, while also becoming the vehicle of national rivalry. This book examines why and how NATO came into existence, and what its strengths and weaknesses were during its formative years. It draws conclusions from these experiences relevant to the reforms of Western security structures in the 1990s.

Konrad Adenauer e Alcide De Gasperi Jan 01 2020

Italy and the Middle East Jun 17 2021 Italy played a vital role in the Cold War dynamics that shaped the Middle East in the latter part of the 20th century. It was a junior partner in the strategic plans of NATO and warmly appreciated by some Arab countries for its regional approach. But Italian foreign policy towards the Middle East balanced between promoting dialogue, stability and cooperation on one

hand, and colluding with global superpower manoeuvres to exploit existing tensions and achieve local influence on the other. Italy and the Middle East brings together a range of experts on Italian international relations to analyse, for the first time in English, the country's Cold War relationship with the Middle East. Chapters covering a wide range of defining twentieth century events - from the Arab-Israeli conflict and the Lebanese Civil War, to the Iranian Revolution and the Soviet invasion of Afghanistan - demonstrate the nuances of Italian foreign policy in dealing with the complexity of Middle Eastern relations. The collection demonstrates the interaction of local and global issues in shaping Italy's international relations with the Middle East, making it essential reading to students of the Cold War, regional interactions, and the international relations of Italy and the Middle East.

Alcide De Gasperi, federalista europeo Mar 03 2020

European Yearbook / Annuaire Europeen 1975 Aug 20 2021 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the OECD. The series offers a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date overview of the member states of each organisation. This special anniversary volume celebrates 60 years of publication of the Yearbook, and its contents differs from that of the regular volumes therefore. It offers a selection of the most important articles, dealing with European cooperation and integration, to appear in the Yearbook during its 60 years of publication. These are of particular interest not only because they provide a unique historical snapshot of the many successes (and occasional failures) in the field of European integration but also because they discuss the ideals and aims that lay behind these efforts, many of which still resonate today as Europe confronts questions about its political destiny and ideal shape. This volume contains articles in English and French."

Modern Italy's Founding Fathers Mar 27 2022 Modern Italy's Founding Fathers offers a fresh perspective on the genesis of the Italian republic as viewed through the efforts of its three most influential leaders: Christian Democrat Alcide De Gasperi, Socialist Pietro Nenni and Communist Palmiro Togliatti. In concise, accessible prose, this work demonstrates how De Gasperi - the Republic's inaugural prime minister from 1945 to 1953 - and his fellow statesmen's shared experience of Fascist oppression, belief in popular sovereignty, and ability to compromise despite deep ideological differences, enabled the creation of Italy's post-war republic. This path-breaking collective biography traces the genesis of the Italian republic, commencing with the overthrow of Mussolini in 1943 and concluding with the death of De Gasperi in 1954. Drawing on the speeches, writings and personal papers of the three protagonists, on Italian and U.S. archives, on contemporary memoirs and on secondary scholarship, Steven F. White demonstrates how these leaders forged political practices and customs which continue to define Italian parliamentary life to the present day. Examining the interplay of personalities, leadership styles, ideas and political context, this study is a vital text for any student of modern Italy and, more broadly, of Cold War Europe.

La prima Repubblica (1946-1993) May 05 2020 Questo libro rivaluta la grande esperienza del «centrismo» degasperiano, che non fu (come la maggior parte della storiografia sostiene) un periodo di conservazione, bensì di forte impegno riformatore. Esso pose le premesse del «miracolo economico», che fece dell'Italia una grande nazione industriale. Il «centro-sinistra» fu del tutto inadeguato a sostenere questo sviluppo e a correggerne gli squilibri. Tale inadeguatezza pose le premesse del lungo Sessantotto e dell'«autunno caldo» del 1969, che ebbe influssi assai negativi sull'economia e che destabilizzò la società civile. Di qui un successo sempre più grande del PCI, il quale però non riuscì mai a diventare un partito democratico, nel senso occidentale della parola. La democrazia italiana è rimasta quindi sempre, nella «prima Repubblica», una democrazia «bloccata», priva di alternanza fra schieramenti politici diversi. Tale «blocco» ha impedito qualunque rinnovamento della società e ha determinato una profonda degenerazione della politica.

Il primo governo De Gasperi (dicembre 1945-giugno 1946) Jan 31 2020

Alcide De Gasperi non era un politico di professione Jun 05 2020 Sulla base di documenti inediti, sono proposti e analizzati in maniera originale gli aspetti più importanti della personalità del giovane Alcide De Gasperi nel contesto storico del Trentino ancora asburgico, ma già preparato a diventare nel futuro la guida della rinascita dell'Italia democratica nel secondo dopoguerra

Annuaire Europeen 1999/European Yearbook 1999 Mar 15 2021 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.

Christian Democracy in the European Union, 1945/1995 Aug 08 2020 The authors investigate the influence of Christian Democratic parties on political institutions (parliamentary democracy and European integration) and socio-economic structures (the collective-bargaining economy and the welfare state).

NATO in the Post-Cold War Era Nov 22 2021 This book analyses the evolution of the North Atlantic Treaty Organization (NATO) and its policies from the Cold War until today. NATO's future cannot be fully understood without analysing its past: the origins of its structure and goals, and their transformation over time. By exploring NATO's geopolitical and military role at crucial points throughout history, this edited volume considers the challenges and threats which have faced the alliance, as well as its strengths and weaknesses. It covers highly-debated and unresolved issues such as budgetary burden-sharing and the military transatlantic gap, the enlargement process, and the role of Asia in influencing NATO's policies. Combining a historical approach with international perspectives, this book is an

interdisciplinary read that will appeal to scholars of diplomatic history and international relations. Chapters 1 and 2 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.
